PENNSYLVANIA.

The Otis Iron Company's new works at Sharon will be, when completed, among the most extensive in the State.

Some malicious person girdled all the trees in the orchard of constable Neall in Monongahela City last Saturday.

Rev. Mr. Black, of Allegheny has accepted a call from the First Presbyterian Church of Waterford. He will join his new charge early in June.

The Presbyterian church at Rouseville is to be dedicated on the 29th of May, when Mr. Noble, pastor of the Third Church in this city, will preach the sermon.

Messrs. Jas. Wood's Sons & Co., of Pittsburgh, are building a new rolling and rail mill at Wheatland, near Sharon. It will be done in January, will employ six hundred men and turn out when running full time at the rate of thirty thousand tons of rails per year. This firm is also putting up one hundred dwelling houses.

Mr. Jas. N. Miller, who has edited the Waynesburg *Repository* acceptably and kept it thoroughly Republican, has sold out and is going to the West to hunt for that fortune which we hope he may find. Mr. G. W. Day, a gentleman of experience and a staunch Republican, has purchased and will hereafter conduct the paper—we hope with success.

The Uniontown *Genius* says: A Mr. Harper, of Alleghany City, was at Dawson's Station last week with the view of selecting a site for a large hub and spoke factory. Mr Harper is interested in the manufacture of wagons in Allegheny and wishes to locate his hub and spoke factory in a good timber country. This same Dawson's Station has just given a Mr. Uncafer ten acres of ground to build a furnace on.

The Mongahela Valley *Republican* says: On Tuesday morning last, as Mr. Patrick Collins was going to work in the mines at Cleveland Landing, he met a draft of fire damp, which ignited and instantly killed him. Pat was a splendid fellow and a brave man. He served through the Mexican war and was one of the first volunteers from Washington county in Lincoln's first call for troops, being a member of Capt. Cooper's company.

OHIO.

Dennison is getting a new Presbyterian church.

On Saturday, in Dayton, a petroleum lamp exploded, resulting in the death of a woman.

Alie Carpenter, son of J. E. Carpenter, paymaster on the T. W. & W. R'y, was drowned while bathing in the river at Toledo, Saturday.

A grand field trial of mowers and reapers is to be held near Mansfield sometime during the latter part of July. The trial is to be conducted under the auspices of the Ohio State Board of Agriculture.

The *Western Star*, (Lebanon,) says: "We are informed that Miss Laura Woolwine, the talented soprano of our village, will make her first appearance in a grand opera at Cincinnati, with the Richings Opera Troupe, next September. Her *debut* will be in the Bohemian Girl."

Last Sunday three negroes went out on a spree in a buggy, near Tuscarawas. They overtook a German named Martin Rodewald, whose money they demanded. He complied, but as ten cents was all he had they attacked him, cutting him frightfully with a razor. Two of them were afterwards captured, but the third, named Albert Johnson, is yet at large. Rodewald will probably recover.

In Zanesville, on the 9th of May, Alice Highfield filed an affidavit before Justice Phillips, complaining that on or about the 8th inst. Jacob Beall sold "intoxicating liquor" to her son, Frank Highfield, who is a minor. On the 13th defendant was brought before the justice and tried. He plead guilty and was fined $16.16 including the costs, which he paid. The intoxicating liquor sold was a glass of beer.

At Circleville, last week, a young man sued his father under the following state of facts: The plaintiff, while a minor, went into the army as a substitute, with his father's consent. He received eight hundred dollars, which he left with his father to be invested for plaintiff's benefit. He purchased land with the money, but refused to deed it to his son, or to pay him back the money, claiming it as his own and that he had hired out his son as a substitute. Judgment for $936 and cost for plaintiff.

Sharpsburg.

Editors Gazette:—The world continually moves. Old Rip Van Winkle is waking up. Our borough fathers are imbibing the spirit of the age. They have cut loose from their rusty moorings of the past, and are launching out on the sea of improvement. They are now engaged in curbing and paving our streets, and we trust that this advance is only the beginning of better days. Of course we have a little variety in opinion and actions, but then life would be dull monotony without it. For instance, the stakes that our Surveyor puts down during the day, are mysteriously removed through the night. We trust, however, that wiser counsels will prevail, and that injunctions, &c., will be like angel's visits—"few and far between."

Where the public good is contemplated, and where all property will be improved in appearance and value, all the citizens should cheerfully submit to their share of trouble, sacrifice and expense. Our persevering Burgess and Council deserve great credit and honor for their indefatigable labors to improve our beautiful town. More anon.

Elegant Mansion House.

Formerly occupied by James A. Hutchison, Esq., Sixth ward, Allegheny City, together with about three acres of ground, fronting on the Ohio river, Preble, Rayard and Adams streets. The river front is 360 feet, the mansion is about 84 by 44 feet, two stories high, slate roof; the rooms are large—parlor 18 by 40, dining room 19 by 28, library 17 by 19, hall 8 by 40, porch 8 by 40, and the chambers, kitchen, pantry, bath and other rooms are all very large and airy and conveniently arranged, so as to go into any room in the house without having to go through another. Nearly all the rooms have marble or slate mantles, the ceilings are lofty and many of them handsomely paneled in tasteful style; the grounds are handsomely laid out in lawns, &c., and well covered with fine fruit, such as apples, peaches, pears and other small fruit. The house has two fronts—the one on the river is a magnificent view of the river and the whole country around, and is a very pleasant place, having the fresh breeze from the river, and free from any smoke, soot, &c. Inquire of C. H. Love, 58 Fourth avenue.

Home Again.

The numerous patrons of Dr. Gillespie will be pleased to learn that he has returned, after an absence of a few weeks, and may be found, as usual, at his office, No. 246 Penn street, where he is prepared to serve all who may need his services. Such are his facilities for business that the best work is made in the shortest possible time. He warrants superior work at the lowest prices. No charge for extracting when teeth are ordered. Remember the place, No. 246 Penn street.

Skilled Workmen.—The best workmen, the best material, and the finest specimens of work are to be seen at the Pittsburgh Stained Glass Works, 23 Market street.

At Uhling, Follansbee & Co.'s, No. 121 Wood street, corner of Fifth avenue, will be found a large and judiciously assorted stock of men and boys' clothing, suitable for this season's wear. Fair prices and very reasonable. Especial attention is paid to custom work, and neat fitting and substantially made garments are supplied at the shortest notice.

Wm. Nelson, No. 23 Market street, will furnish plain or tinted enameled glass in lead sash, properly cemented and with the necessary fastenings ready for putting in the frames at the lowest prices.

FIRST EDITION.

MIDNIGHT.

THE FENIANS.

Most Inglorious Demonstration.

The Franklin Affair Repeated at Trout River—The Brotherhood Demoralized at the First Fire—Gathering of Forces—Battle Reported Fought near Malone—Great Excitement on the Border.

[By Telegraph to the Pittsburgh Gazette.]

Still Concentrating on the Border.

St. Albans, May 27.—Large numbers of Fenians are concentrating, and will make a simultaneous attack all along the border. Gen. Speer and the ex-Confederate Mosby are organizing the forces here for another attack near St. Armand. The blow will probably be struck to-morrow.

The only Fenians that left for their homes last night were the Burlington boys; the rest remained here and were provided with food by order of United States Marshal Foster and the village authorities.

Entrenched near Malone—A Battle Expected.

Malone, May 27.—Gen Gleason has been strongly reinforced. He has three thousand men and now occupies a position four miles beyond the line. He is entrenched strongly and is confident of holding his position.

News was received that after the arrest of Gen. O'Neill and his incarceration in Burlington prison by U. S. Marshal Foster, General Samuel P. Spear was appointed Commander-in-Chief, and proceeded at once to issue his orders in the face of Marshal Foster. General Spear will either cross the border at some point heretofore not attempted or reinforce General Gleason. This statement is by authority.

The Situation Becoming Serious.

Malone, May 27.—The situation is becoming serious. Fully twelve hundred Fenians have gone to the front, and several hundred more are reported on their way. A company of United States regulars arrived this morning to preserve order. The Fenians behave quietly, and the main body has already crossed the border. A battle will probably take place to-morrow or next day. General Gleason is in command of the invading force.

Privates express great dissatisfaction with General O'Neill. Some say he is too young to plan and too inexperienced to execute, and that he is both practically and theoretically incompetent.

General Gleason telegraphed to a friend in this city last night that he would fight before daylight this morning. The British regulars and Canadian volunteers are concentrating along Trout river. The Fenians are busily engaged in throwing up earth works.

Gen. Donnelly Dead.

General Donnelly, of Utica, New York, died of his wounds to-day.

Attack and Repulse at Trout River.

Toronto, May 17.—The Fenians near Trout river commenced an attack this morning, but were rapidly driven back across the line.

Fenians Retreat Hastily, Leaving Wounded.

Later.—The Fenians at Huntingdon and Trout river got out of the way as fast as possible after the firing commenced, leaving their wounded behind. Gen. Gleason has gone back to New York disgusted. General Spear has assume a command.

Consultation of Fenian Chiefs—The Raiders Going into Camp.

St. Albans, May 27.—Generals Spear and J. H. Gleason, with other lesser lights in the Fenian Brotherhood, have been in close consultation over the situation, and the consultation has culminated in the issuing of an order by General Spear for the men to go into camp two or three miles from here. One or two hundred have obeyed the order. General Spear wants the men to return to the Franklin line, as their presence will necessarily draw a portion of the Canadian troops from Huntington. Many of the men express a desire to go home, and would have done so if they had money enough to pay for transportation; but the expense must be borne by the State government.

The Thief Moseby on a Raid.

Col. Moseby reported here yesterday and left for the border early this morning with fifty picked men. The report, however, needs confirmation.

Canadians Capture Arms Across the Line.

After the Fenians had pretty much all left Franklin some Canadian troops came to this side of the line and seized a piece of artillery and a large quantity of arms and ammunition that had been abandoned. Marshal Foster, it is said, has made a demand for their return, and the reply was he could only have them at the point of the bayonet.

A Grand Skedaddle at Huntington—The Boys in Green Will Run.

Toronto, May 27.—The movement at Huntington began at five o'clock this morning. The Fenians had constructed a breastwork of rails across a field on the north bank of Trout river. At half-past eight the Canadian troops came up and opened fire. The Fenians fired a few shots and then took to their heels. They were pursued to the boundary line, where the officers, displaying revolvers, attempted to form them into line, but it was fruitless. There was not a single casualty on the Canadian side. The Fenians left a few wounded and one killed on the field.

The United States troops are advancing from Malone.

What the Canadian Papers Say.

The Canadian papers, in treating of the present Fenian raid, express the following views: In its effects upon Canada Fenianism is a miserable pest, a source of annoyance and expense, a nuisance which the country is forced to suffer from continually without reason, entailing loss of life in an ignoble cause and disturbance of business relations. To these evils the Canadian people would submit without complaint, if they thought the Imperial Government sufficiently considerate of their position or assumed its share of responsibility. They hold that the Imperial Government is remiss in not making proper representations at Washington and demanding of the United States Government that it shall take some steps to prevent these recurring invasions, the murder of brave men and waste of money. Canada, being a colony, is in no position to remonstrate with the United States Government.

Complaint of the United States.

Referring to the United States, they complain that Fenianism has received the countenance and support of her leading men and parties; that O'Neill and his chief confederates have been allowed to go about openly, begging for contributions and raising men, with the avowed purpose of invading Canada. Public demonstrations for these objects have been permitted. President Grant's proclamation, without a sufficient force to support it, is a farce. Unfriendliness to Great Britain has steadily marked the policy of the United States Government in its treatment of Fenianism.

More Fenians Going Forward.

Buffalo, May 27.—Two hundred Fenians left to-night for Malone. A large portion of the recruits were from Chicago. Recruiting is actively going on and money being subscribed liberally.

Disposition of United States Forces.

Ogdensburg, May 27.—Gen. Brannon, U. S. Army, arrived to-day and assumed command of the regular forces. Maj. Haskins was dispatched to Malone with one company of men to assist Deputy Marshal Benedict in enforcing the neutrality laws. Capt. Wheeler, with one company, is stationed at Potsdam Junction. Three companies are here, encamped near the revenue cutter Chase. No orders have been received to put the Chase in commission.

The Arrest of O'Neill Bogus.

The Fenians here discredit the reported arrest of O'Neil, and state the person arrested is only personating him, as part of a plan of action. The Fenian officer here in charge of transportation reports O'Neill at Malone yesterday, and there paid to an officer in charge of transportation at Potsdam Junction a considerable sum to use in forwarding men to the front.

Large supplies of provisions have been forwarded from here. The Fenians are very active and confident. The Regular troops are mostly Irishmen and Fenian sympathizers, and if brought to confront the Fenians, it is doubtful if they can be handled by their officers.

The Rout at Trout River Complete.

Toronto, May 27.—Detailed accounts from Trout river all agree that the rout of the Fenians was complete. The firing had hardly commenced when they all took to their heels in wild confusion and got across the border as fast as possible. Large numbers have arrived at Malone and such as have means to get back home are getting away. A few prisoners were captured and a few are known to have been wounded.

Utterly Demoralized.

There is some talk of further Fenian operations at Cook's Corners, near Pigeon Hill, but it is hardly probable, as the whole rabble are utterly demoralized and fighting more or less among themselves.

Demonstration on Detroit River.

A report reached here to-night that a Fenian force was gathering on Detroit river. Ample preparations, however, have been made in that quarter.

Anxiety About Transportation Home.

St. Albans, May 27.—It proves that the Fenians who left here this morning only proceeded north about two miles and a half, discussed the situation, and returned here. The news of the repulse near Trout river quickly spread, and the only talk was of obtaining transportation home at the earliest moment.

Fenian Officers Arrested.

At 4 o'clock P. M. Fenian officers Col. John A. Brown, of Lawrence, Mass., and Capt. Monahan, of Burlington, were arrested upon warrants made out by the United States District Attorney, and in default of bail were ordered committed. Others are likely to be arrested if they remain.

Some Hanging to be Done.

A report has been received that Thomas Murphy, from St. Albans, who was captured by the Canadians near Cook's Corners, is to be hung to-morrow.

Arrival of Gens. Meade, McDowell and Others.

An enthusiastic crowd gathered at the depot this evening to witness the arrival of Generals Meade, McDowell, Hunt, Ingalls and VanVliet.

U. S. Troops for Malone.

A portion of the United States troops from Fort Warren, which have been here for two or three days, left this evening for Malone, in company with three companies just arrived.

A large number of Fenians left for their homes to-day. Still many remain, who this evening are marching about the streets in excellent spirits. The citizens treat them kindly and furnish them with provisions.

Canadian Forces Moving to the Front.

Ogdensburg, May 27.—Seven hundred Canadian volunteers passed down the St. Lawrence to-day on a steamer, which also had on board two hundred tons of ammunition bound for the seat of hostilities. The greater part of the troops in Prescott are ordered east, and the Canadian Government is pushing every available battalion to the front.

A Battle Fought Near Malone—Contradictory Reports.

New York, May 27.—A dispatch from Ellenburg, N. Y., gives a report, probably bogus, that from three to four thousand Fenians crossed the frontier at Malone and captured two companies of Canadian volunteers, together with arms and ammunition.

Another dispatch from Dundee, Canada, says the Fenian advance guard were driven. The main army, commanded by Captain Starr, was attacked and driven across the line by the English forces, supposed to be five thousand strong. Fenian loss seven killed and several wounded. Enemy's loss not known. The battle lasted an hour and twenty minutes.

A dispatch from Toronto says there are now over 8,000 volunteers and regulars along the New York and Vermont frontier. Prince Arthur arrived at Trout River, and created enthusiasm by marching to the front with the volunteers in pursuit of the retreating Fenians.

The Very Latest Reports.

New York, May 27.—The *World's* special from Malone to-night says: Gen. Gleason has arranged for a new movement. Spear was to move on St. Armands, and after entrenching five miles beyond the line to await for help from New York.

Another dispatch (improbable) says Spear has moved on St. Armands from St. Albans with 1,500 men.

Gleason is making an effort to have another fight. He has a dispatch stating that his brother Patrick is entrenched thirteen miles beyond the boundary at Pigeon Hill with forty men and waiting for Spear.

Gen. Gleason is now speaking to the Fenians endeavoring to muster them to retake the guns, provisions and ammunition from U. S. Marshal and regulars at Leahy's farm.

The officers are disputing angrily with him, but he says he will have the arms, &c., at any risk, even if he has to come into conflict with the United States troops. The latter are patrolling the streets and in sufficient force to prevent any movement by the Fenians, unless the latter entirely conceal their plans.

On Gleason's arrival here a council of war was held. It is said he will attempt to blow up the locks of the Mahony canal, but no definite plan is formed.

A message from Burlington says O'Neill expects to be released to-morrow. He is denounced everywhere.

RELIGIOUS.

First General Assembly of the Reunited Presbyterian Assembly.

[By Telegraph to the Pittsburgh Gazette.]

Philadelphia, May 27.—The session of the Presbyterian General Assembly was resumed to-day. The reception of two delegates, Rev. Jas. Demorest and Rev. David Cole, from the Reformed Church, pointed strongly towards a union between the Presbyterian and Reformed Churches at some future day, though it is deemed impossible at present.

The consideration of the reconstruction report was resumed.

The item changing the reading of chapter 7, section 2, of the Book of Discipline was adopted.

The item following was amended to read: "It is recommended that the Assembly instruct and order all Presbyteries, when reconstructed, at their first appointed meeting to vote aye or no on these several overtures and report it to the next Assembly."

The remaining items of the report and preamble were adopted and the report referred to the committee for engrossment previous to final action.

The report of the Committee on the Heidleberg Catechism and of the Joint Committee on Missions and Church Extension were read, approved and placed on the docket for future action.

In the afternoon session letters were read from the following corresponding delegates: Rev. J. B. Dales, Rev. Charles Smith, Rev. J. J. Carothers and Rev. William Roberts.

Short addresses were delivered by Revs. Messrs. Plopieman and Weldekind, of the Lutheran Church, Rev. W. S. Alexander, of the Presbyterian and Congregational Church, Wisconsin.

Rev. Dr. Adams, of New York, asked for information concerning the mission to Louisville.

Rev. Dr. Backus, of Baltimore, spoke in commendable terms of the treatment and success of said mission, and said he was never so cordially received by any Assembly.

The report of the Committee on Church Erection was presented by Rev. Howard Crosby and placed on the docket.

The report of the Committee on Foreign Missions was placed on the docket.

Drs. Musgrave, Hatfield and Wisner were appointed to prepare an enabling act.

The Committee to confer with the United Presbyterian Church consists of Revs. Herrick Johnson, R. D. Harper, W. P. Bakewell, and Richard Edwards, Esq.

Adjourned until Monday.

Laymen's Theological Institute.

Cincinnati, May 27.—At the close to-night of the second course of the Laymen's Institute, which has been under the direction of Rev. Dr. Reid, of the *Northwestern Christian Advocate*, Chicago, and Dr. Morris and Prof. Evans, of Lane Seminary, the members of the Young Men's Christian Association determined upon the organization of a Laymen's Theological Institute, having for its object the Methodistical instruction of persons engaged in Evangelistic labor. It will call into requisition the prominent clerical and lay instructors of the Evangelical denominations of Cincinnati, and will probably hold weekly meetings. It is regarded here as a very important move in the religious field.

GREAT BRITAIN.

London, May 27.—Lady Amberley is lecturing in favor of the Radical Women's Rights Suffrage League. She declared that Lucretia Mott was an illustrious woman.

The alleged Fenians, Wilson and Davitt, who were recently arrested on their arrival from Birmingham, were examined to-day. The Treasury Solicitor announced that the Government had determined to prosecute both these men for treason and felony.

The Fenian movement on the New York and Vermont border is still anxiously watched, and is the topic uppermost in newspaper comments.

The *Morning Standard* thinks that the United States Government has no motive to embroil itself with Great Britain on a question so contemptible as the Fenian business.

The King of the Belgians visited the American Minister, Mr. Motley, yesterday.

The *Daily News* urges the hanging of all Fenians caught with arms, as a humane and patriotic duty of the Dominion to the people. It is the only measure designed to stop the nuisance.

The *Times* is proud of the Canadian spirit, and warmly appreciates the action of the American Government.

London, May 27.—The *News* refers to the vigilance of the Canadian Government, the firm attitude taken by the United States, and the absolute imbecility of the Fenians, to prove that further aggressions upon Canada are, if not impossible, at least improbable.

The *Times* again expresses its admiration for the loyalty and vigor displayed by President Grant. It is unable, however, to express its indignation at the object for which the American and Canadian troops had been put in motion. It applies to the affair such words as "abominable," "pillage," "slaughter," "outrageous murderers," &c.

Mrs. Motley, wife of the American Minister, gave a grand dinner last evening. It was largely attended.

The Government of India opposes the interference of the home government in the opium trade, in any other way than by the imposition of a heavy duty.

Davitt and Wilson, alleged Fenians, were arrested in this city to-day on information given the authorities by Corydon. When they were taken into custody they were found armed.

The widow of Bishop Heber died to-day at an advanced age.

The Cobden Club reprints for universal circulation the last report of Hon. David A. Wells, United States Commissioner of Internal Revenue.

FRANCE.

Paris, May 27.—Yesterday there was a meeting of the Council of Ministers to deliberate on the form of discussion in the coming session of the Corps Legislatif. To-day it is hinted that the members of the Ministry are very uneasy.

Last evening there was a private reunion of the Radicals in the Belleville quarter. Gambetta made a speech to the effect that there must be no more violence. Our triumph, he said, must be through universal suffrage. These sentiments were applauded to the echo.

The Coroner's inquest at Uxbridge, on the bodies of the Marshall family, resulted in a verdict that the deceased came to their death at the hands of the parties now under arrest. The victims were buried to-day. A large crowd attended the funeral.

A decision on the appeal of Sir Charles Mordaunt for a continuation of the proceedings for divorce against Lady Mordaunt, is promised for next Tuesday.

In the Corps Legislatiff, the interpellation on the reasons for the dissolution of the Plebiscitary Committee was submitted. M. Ollivier made an explanation, which was so satisfactory that the House voted the order of the day, members of the left only dissenting. There were no indications of the expected coalition of the right and left wings of the Chamber, and the new ministry enters on its labors with an expression of confidence voted by an overwhelming majority.

A violent disturbance was created to-day at the lecture of Edward Laboulaye before the Law School. The students interrupted the Professor with a storm of hisses, and forced him to leave the hall. The students followed Laboulaye into the street, where the demonstration continued. The Professor finally escaped, but with much difficulty. A number of the prominent actors in the affair have been arrested.

SPAIN.

Madrid, May 27.—The Cortes is averse to bestowing royal prerogatives on Serrano. In the Cortes, yesterday, General Prim assured the adherents of Espartero that he considered the refusal of their chief as definite, and that they must now endeavor to consolidate the Regency.

GERMANY.

Berlin, May 27.—Bismarck has made proposals to the Great Powers that they take joint action for the suppression of piracy in Chinese waters. The Governments of Great Britain and the United States have signified their acceptance of the proposition.

NEW YORK CITY.

[By Telegraph to the Pittsburgh Gazette.]
New York, May 27, 1870.

NEWS FROM CUBA.

Respectable persons, well known here, arrived yesterday on the Moro Castle from Nuevitas, bring important dispatches for General Jordan from the Cuban Government. It is said that a resolution passed the Cuban Congress condemning certain declarations made in this country by prominent officials, and which have been the theme of much comment by journals of insurgents in this country. These gentlemen confirm the reports heretofore published, to the effect that the visit of De Rodas to Puerto Principe has not been attended with good results, and that all the columns which marched from that city have returned with but little glory. It is stated that the Cubans entered Puerto Principe in small squads taking out all they desired. Insurgent Colonel Cornelio Perro, with a large force, is near the city. The defeat of Brigadier Detener by the forces of Marmol near Santiago de Cuba is confirmed. The manifesto of Arango has produced no effect among patriots other than contempt.

THE YACHT AMERICA.

The yacht America, which won the challenge cup in 1851, has been brought to the Brooklyn Navy Yard from Annapolis to be thoroughly overhauled. She is designed to take part in the great international regatta next fall.

RELEASED AT LAST.

The steamer Catharine Whiting and tugs McCoole, Maby and Jonathan Chase, seized last summer for having been used to fit out filibustering expeditions, have at last been released by the Navy Yard authorities, under orders from Washington.

CINCINNATI.

German Pioneers' Anniversary—A Contumacious Witness—Pork Packers' Tax—The Fenians.

[By Telegraph to the Pittsburgh Gazette.]

Cincinnati, May 26.—The German Pioneers' Society celebrated their second anniversary here to-day.

In the examination of the case of Colonel Roberts to-day, before Commissioner Halliday, A. P. Williams, for refusing to answer questions, which he claimed he could not do without criminating himself, was sent to jail for contempt of court, and was subsequently released on a writ of *habeas corpus* on a bond for $3,000.

Supervisor Cowen has been instructed by Commissioner Delano to further suspend in his district till further orders the collection of tax assessed against pork packers.

There is some feeling here in Fenian circles, but no excitement during the day. A few, it is believed not more than one hundred, have left Cincinnati. Some think not more than fifty. Doubtless many would go had they means, but the organization here continues to give the matter the cold shoulder.

Virginia Town Elections.

[By Telegraph to the Pittsburgh Gazette.]

Richmond, May 27.—The Republican majority on the city ticket is about 200. The Conservatives carry the City Council.

The Republicans also carry Petersburg and the Conservatives Lynchburg, Danville and Norfolk.

Alexandria, May 27.—The Conservative ticket is elected by about 150 majority. The Republicans carry one ward.

XLIST CONGRESS,

(SECOND SESSION.)

Capital Removal Question—Fifteenth Amendment Enforcement Bill Passed Finally—Internal Revenue Bill Taken Up in the House.

[By Telegraph to the Pittsburgh Gazette.]
Washington, May 27, 1870.

SENATE.

Bills were introduced and referred as follows:

By Mr. RAMSEY: To promote the cultivation of public lands.

By Mr. HOWE: For the improvement of water communication between the Mississippi River and Lake Michigan by the Wisconsin and Fox Rivers.

By Mr. RICE: For a bridge across the Arkansas River at Little Rock.

By Mr. PATTERSON: To prevent any officer or employe of the corporation of Washington acting as an officer of election or registration.

Mr. MORRILL, Maine, from Committee on Appropriations, reported with amendments the House bill to supply deficiency in the appropriation for mileage of members of the House of Representatives. The amendments appropriate $1,200,000 to supply the deficiency in the amount required this year to pay for the collection of custom duties, and $20,000 for the pay of special counsel employed by the Treasury Department.

Mr. SUMNER, from the Committee on Foreign Relations, reported, without amendment, the bill appropriating $325,000 in gold, to pay the Government of Great Britain the amount awarded under the treaty of July 1st, 1863, to settle the claims of the Hudson Bay Co. and Puget Sound Agricultural Company.

It was ordered the Senate would adjourn from Saturday to Tuesday, in order to observe Monday as a holiday for the decoration of soldiers' graves.

The appropriation bill was resumed and the amendment placing female clerks in the Departments on an equality with males as to compensation, was debated and adopted—36 to 20.

The next amendment from the Committee of the Whole, the appropriation for the extension of the Capitol grounds, was read.

Mr. HARLAN asked for the reading of the resolutions of the Iowa Legislature, instructing their Representatives to oppose further appropriations for public buildings in Washington, in view of the anticipated removal of the Capital.

The resolutions were read and Mr. HARLAN argued that no public necessity existed for the proposed expenditure; that the only consideration upon which it was based was the personal gratification of Congressmen and visitors to the city.

The discussion was continued at length, each speaker being allowed five minutes.

Mr. MORRILL, of Vermont, said St. Louis, to which it was proposed the Capital be removed, was the chief city of a State which would have gone into the rebellion but for the efforts of one man, General Frank P. Blair, to whom he was willing to accord all the credit due him. He would keep the Capital in a loyal community.

Mr. YATES said the removal had been represented as having received a black eye in a former debate on the subject—that it had been voted down in the Senate. He stood up now to predict that not one Northwestern member of the House of Representatives would be returned unless he pledged himself to vote for the removal of the Capital to the Mississippi Valley.

Mr. MORRILL, of Vermont, remarked that if the sole power of removal was left to either the Senator from Illinois (Mr. Yates) or the Senator from Iowa (Mr. Harlan), he did not think either of them would ever exercise it.

Mr. YATES—Why not? Where was the best blood of Vermont except in the far west, where its warmth and vigor was manifest in the building of school houses, churches and the general onward march of that section in power and position? Did New England desire to have the Capital under her fingers forever? Upon the Father of Waters it would be central to every portion of the country, and perhaps the future centre of a hundred States and millions of people.

Mr. HOWARD thought the agitation of the question injurious to public taste and detrimental to the value of property in the District of Columbia. Washington was hallowed by recollections and traditions too sacred to be treated lightly.

Mr. CARPENTER said if a proposition to locate the Capital anew was made to the representatives of Iowa, Missouri, Indiana, and other western States, it would take them twenty-five years to agree upon a site. He thought Milwaukee the only place entitled to it, but could not get any one in the Senate but his colleague to agree with him. (Laughter.)

Mr. MORTON thought it was understood that if removed, the Capital should go to Indianapolis. (Laughter.)

Mr. CASSERLY opposed the appropriation on economical grounds.

Mr. DRAKE denied that St. Louis was a candidate for the site, and thought the climate of Washington superior to that of any place in the Mississippi Valley.

After remarks by Messrs. Stockton, Tipton and Stewart in favor of the appropriation, and by Mr. Ross against it, the amendment was carried—yeas 42, nays 10.

Nays—Messrs. Davis, Casserly, Hamilton, (Texas) Howard, Howe, Harris, McCreery, Pratt, Ross and Williams—10.

The amendment appropriating $100,000 for expeditions to the North Pole was carried—28 to 25.

An amendment was adopted making the salary of the Chief Justice of the Supreme Court $10,000, Associate Judges $8,000, Circuit Judges $6,500, Court of Claims and District of Columbia Judges $5,000.

A motion to increase the salary of the United States Treasurer to $8,000 was rejected.

The Senate took a recess.

The evening session was devoted to the District of Columbia business.

Adjourned.

HOUSE OF REPRESENTATIVES.

Mr. CESSNA, from Committee on Elections, made a report in the South Carolina contested case of Wallace against Simpson, declaring A. S. Wallace duly elected and entitled to a seat. He moved the previous question, which was seconded, and the resolution was adopted.

When the Democratic members realized what had been done, Messrs. RANDALL and BROOKS remonstrated against it, and a motion to reconsider was made, when there was a brief discussion.

Mr. RANDALL admitted Simpson could not take the oath, he having been an officer in the Confederate army, but condemned the Reconstruction Committee for not removing his disabilities, for which he had petitioned and which he had deserved, because he had honestly and firmly sided in the Reconstruction measures.

Mr. BROOKS denounced the operation as a fraud, as bad as any election fraud charged upon parties in New York. It was an attempt to defraud the minority of the House by forcing on the body another member, elected by nobody, having no constituents, and representing nothing whatever.

Mr. DAWES repudiated the principle embodied in the report, that the ineligibility of persons who receive the greatest number of votes gave the seat to the persons having the next highest number.

Mr. CESSNA reminded the House he had already stated that part of the report represented only his own views; also, that on two or three occasions he had distinctly stated the case would not occupy over ten minutes. All he wanted was that the House should consume no more time in the matter.

After further discussion by Messrs. Paine and Burr, the Speaker called on Mr. Wallace to come forward and take the oath, which was done.

Mr. CULLOM from the Committee on Territories, reported the bill annulling all laws of the Territory of Idaho taxing the persons of Chinese or the Mongolian race and a law creating the office of District Attorney for each county; also, prohibiting Territorial Legislatures paying extra salaries to Federal officers in Territories, or to members or employes of Legislatures. Passed.

Reports from the Committee on Foreign Affairs were made, mostly of a private character, but including the following: the referring to the President of the petitions of Wm. J. Nagle and John Warren, citizens of the United States, now prisoners in Great Britain, with the request that such action be taken by him, in accordance with international law and with the rights of American citizenship, as the facts shall justify.

A large number of reports from the Committee on Revolutionary Pensions and war of 1812, were made and disposed of.

Mr. WILLARD obtained leave to report to-morrow the public bill in reference to pensions of survivors of the war of 1812.

Mr. BANKS, from the Committee on Rules, reported a new rule forbidding the change of a vote after the announcement of the result, and also forbidding the record of a member's vote who was not present when the vote was taken. Adopted.

The House resumed the consideration of the Conference report on the bill to enforce the Fifteenth Amendment.

Mr. BINGHAM explained and advocated the report, and Messrs. Kerr, Beck, Potter, Johnson, Stiles and Cox spoke in opposition to it. Mr. Davis followed in defense of the report, and Mr. Bingham closed the debate.

A vote was taken and the report of the Conference Committee agreed to—Yeas 133, nays 58, a strict party vote.

Mr. SCHENCK, chairman of the Committee of Ways and Means, reported back the internal revenue bill, and asked to have the first reading dispensed with. Agreed to.

The Speaker directed the Clerk to read the rule governing admissions to the floor, and gave notice it was for the doorkeeper to execute that rule, and the chair will not be responsible for anybody on the floor, except those privileged.

Several members—That is right.

The House proceeded with the consideration of the bill to reduce internal taxes.

The reading of the first section, covering thirty pages, had been completed when the House adjourned.

CANADA.

Fearful Conflagration—Five Hundred Families Rendered Destitute—Loss of Life.

[By Telegraph to the Pittsburgh Gazette.]

Quebec, May 27.—A destructive fire is raging at Saugenay, covering an area of five miles wide by thirty miles in length. Over five hundred families, numbering forty-five hundred persons, have been rendered destitute. Six adults and two children perished in the flames. The wharf at Haha Bay and several churches were burned. The fire originated in the woods.

War Vessels for the Fishing Grounds.

Halifax, May 27.—Two more British war vessels, the Royalist and Philomel, have been ordered to the fishing grounds.

THE CAPITAL.

[By Telegraph to Pittsburgh Gazette.]
Washington, D. C., May 27, 1870.

NOT TRUE.

A rumor from Ottawa, that Minister Thornton had been directed by the Secretary of Foreign Affairs to demand the protection of the Canadian frontier by President Grant, is untrue. On the contrary, the British Minister in behalf of his Government, is satisfied with what the President is doing to suppress the Fenian invasion, and has so expressed himself to the Government.

EXPLORATION OF THE COLORADO.

Capt. Powell has asked, and the proper department has endorsed his request, that an appropriation of $12,000 be made to complete the exploration of the Colorado river and tributaries.

PITTSBURGH & CONNELLSVILLE RAILROAD.

Joint Meeting of the Monongahela Wharf Committee and the Committee on Railroads.

The Monongahela Wharf and Railroad Committees of Councils held a joint meeting yesterday afternoon, at the Directors' room of the Monongahela bridge, to consider the ordinance granting the Pittsburgh and Connellsville Railroad the privilege of erecting a Passenger Depot fronting on Smithfield street, and track on the Monongahela wharf, referred to them at the last meeting of Councils. The ordinance was considered favorably; but the proviso accompanying it, giving the Pittsburgh, Charlestown and West Virginia Railroad the privilege of occupying the buildings of the Connellsville road if they desired it, by paying half the costs, was referred back to Councils with a negative recommendation—for the reason that there is no such a road in existence, and the privilege was not asked. The Committees expressed themselves favorable to the proposed road, but considered any action now as premature.

The building, platform and track are to occupy a space not exceeding fifty feet, and will be at least fourteen feet high on the upper side, supported by iron columns resting on stone foundations. The whole will be made safe and fire proof, and is not to interfere with the business of the wharf. A carriage drive will be left between the bridge and the end of the track, the company to have the privilege of erecting a two-story building fronting on this drive.

The Committees fixed the annual rent at $3,000 for ten years, to be paid semi-annually—first payment to be made nine months after the ground has been broken. After the expiration of ten years, Councils have the privilege of continuing the grant at the same rates or not at their option.

The Pittsburgh and Cleveland Railway—Interesting Statistics.

At the meeting of the Board of Appraisers of the Cleveland and Pittsburgh Railroad, held at Cleveland, W. S. Jones was chosen President, and H. C. Ellison, Auditor of Stark county, Secretary. The Company was represented by the Vice President and Auditor, who presented written statements of materials and cash on hand, new structures and additional rolling stock provided within the past year, etc. The Board decided to add ten per cent. to the valuation of rolling stock for 1869, as the basis for 1870. The total valuation is as follows:

Maj. Gen. Com'dg.
Official: John McLanahan, A. A. G.

Sunday School Work.

The Fayette county Sunday School Teachers Institute held its annual session in Uniontown Wednesday and Thursday of this week. It was one of the best ever held, and was very largely attended. Among those in attendance were a number of ministers and laymen from Pittsburgh. The session was opened with a sermon by the Rev. S. F. Scovel, of Pittsburgh, on "Christian Education of Children," followed by an address on "The Ideal Sunday School," by the Rev. S. W. Horner, of Connellsville, and a class drill by the Rev. S. C. Faris, of Pittsburgh. This occupied Wednesday afternoon. Rev. Swain and Messrs. J. D. Carlisle and A. M. Marshall of Pittsburgh delivered addresses on various topics in the evening. Revs. Mr. Scovel, Faris, and Mr. D. Cooper, of Pittsburgh, with Mrs. M. A. Eccles of Uniontown, were the principal speakers Thursday morning and afternoon. In the evening a grand mass meeting of the children was held, at which addresses were made by the Rev. Messrs. Faris, Horner, Swain and McCaslin. An interesting feature of this gathering was the attendance of the children from the Soldiers' Orphans School, who came in a body, accompanied by their Superintendent.

The Institute was held in the Methodist Episcopal Church, Rev. A. B. Castle, pastor. It was attended by representatives from all parts of the county, and was throughout an exceedingly pleasant and profitable entertainment.

In addition to the attraction of the best ice cream, cakes, and the delicate *et ceteras*, this establishment is provided with a sumptuous dining-room, where at any hour of the day ladies and gentlemen can appease their appetites with the daintiest luxuries of the season. Ye hungry one's call at Youngson's.

OIL FIRE.

Bursting of a Tank.

Last night, a few minutes before twelve o'clock, an alarm of fire was sounded from box 75, which was followed about fifteen minutes later with a second alarm. The engines in the First and Second District responded, when it was found that the alarm was occasioned by a fire at the small tar refinery of Trunick & Co., at the foot of Forty-eighth street. The man head in one of the stills blew out and the contents were at once on fire.

The tar refinery is surrounded by other large oil works, which made the prospect of an extensive conflagration more dangerous. Located about thirty feet off were two tanks containing about thirty thousand barrels of crude oil, belonging to Fawcett, Logan & Stockdale. The firemen labored faithfully, and succeeded in cutting off as far as possible all communication between the fire and any other combustible. A serious conflagration it was thought at last accounts might be avoided.

2:20 P. M.—The tar in the tank was still burning, but the firemen had the fire under control and it will likely result in nothing but the loss of the tar. This will be small. No insurance.

THE COURTS.

United States Circuit Court—Judge M'Candless.

Friday, May 27.—The first case taken up was that of James R. Smith vs. City of Pittsburgh, action to recover interest on city "railroad bonds." Verdict for plaintiff in the sum of $1,071.87, payable in gold.

District Court—Judge Kirkpatrick.

Friday, May 27.—The case of Marshall vs. Anders & Craig and Bell vs. same defendants, previously reported, had not been concluded when Court adjourned.

Common Pleas—Judge Collier.

Friday, May 27.—The first case taken up was that of McMahon et. al. vs. Rodgers *sci. fa. sur* Mechanics lein. Verdict for plaintiff in the sum of $87.50.

Montgomery vs. Moore & Chambers. Action to recover wages on a contract. Jury out.

Personals.

Rev. John Douglas, D. D., of this city, returned home from Cincinnati yesterday where he had been attending the General Assembly of the Reformed Presbyterian church. His able address in favor of the union of Presbyterian bodies was pronounced by the press of that city as the finest, most dignified and conclusive argumentative discourse of the session.

Mr. Drayton, of the Riching's opera troupe, was assailed on Liberty street by an unknown rowdy at an early hour yesterday morning while on his way to the Union Depot. The singer showed great proficiency in the manly art and his assailant fled with a half broken head.

Hon. A. Barker, formerly member of Congress from Cambria county, was in the city this week.

W. G. Galbraith, Esq., will not be a candidate for Congressional honors in Venango.

Judge Jewet, of the Pan Handle railway, was in the city yesterday.

Light, Sweet, Nutritous Biscuit.

Take one quart of flour, one measure of Banner Baking Powder, and one teaspoonful of salt; mix thoroughly, and sift; then rub in one table spoonful cold shortening, and mix in with a spoon two-thirds of a pint of cold sweet milk, or water, (milk is the best,) this makes a dough too soft to be rolled; turn it out on your tray lid, well floured; press with your hand to the desired thickness, cut in shapes and bake at once in a very quick oven. When mixed with milk you may leave out the shortening, if you prefer not to use it. If your oven is at the proper heat, ten minutes will suffice to bake them.

Each can of the Banner Baking Powder contains a small measure, to be used even full. By buying this powder you will always get a perfectly pure article, and you will be enabled to take the exact quantity, which you cannot do were you to use a spoon, there being so many different sizes.

Prepared only by Jessie H. Lippincot, corner of Smithfield street and Second avenue, Pittsburgh.

Our Lady Friends are invited to call at 116 Market street, and "try a Weed," nothing in the sewing machine market will compare with it in efficacy, durability and simplicity.

NOTICE.
To Contractors.

The undersigned, Commissioners appointed in and by an Act of the General Assembly of the Commonwealth of Pennsylvania, for the purpose of contracting with one or more persons for the making of the indexes to the Deeds and Mortgages in the office for the Recording of Deeds, &c., in the County of Allegheny, hereby give notice that Sealed Proposals for the making of said indexes, will be received until

WEDNESDAY, JUNE 22, 1870.

The Index Books will be furnished by the Commissioners, but a l stationery necessary to be used will be required to be furnished by the contractors.

The contractor or contractors will be required to give bond in the same amount required by law to be given by the Recorder of Deeds of Allegheny county, and with at least two sufficient sureties, which bond shall be conditional for the faithful performance of the said work.

A specimen book, exhibiting the size of the index books to be used, and the plan upon which said indexes are to be made, can be seen by applying to Mr. HUNTER, at the Recorder's office.

The Commissioners reserve to themselves the right to supervise the work, and on the completion of the indexing of each volume of the Deed or Mortgage Books, to rescind the contract if the work does not meet their approbation.

Each bid will be required to contain the price per page and the time within which the bidder will undertake to complete the contract, and will be accompanied with the names of the sureties proposed to be given for the faithful performance of the work.

Each bidder may bid for the whole work, or for the making of the indexes in the Deed Books or Mortgage Books alone, but if the contract for making the indexes to the Mortgage Books be awarded to different parties, each will be required to give security in the same amount to be given by the Recorder of Deeds.

The Commissioners also reserve to themselves the right to reject or accept any bid or bids as in their judgment may be most conducive to the public interest.

The bids will be addressed through the Postoffice to the Commissioners, No. 68 GRANT STREET, Pittsburgh, Pa.

NOTICE.
To Blank Book Manufacturers.

The undersigned, Commissioners appointed in and by an Act of the General Assembly of the Commonwealth of Pennsylvania, Approved the Second day of April 1870, to contract with one or more persons for the making of indexes to the Deeds and Mortgages in the office for the Recording of Deeds, &c., in the County of Allegheny, hereby give notice that Sealed Proposals for the making of from

Forty to Fifty Blank Books.

Suitable for index books to the deeds and mortgages aforesaid, will be received until

WEDNESDAY, June 8, 1870.

A specimen book, showing the dimensions and method of preparing the books required, can be seen by calling upon Mr. HUNTER, at the Recorder's office.

In ruling the said books, the lines will be seven-sixteenths of an inch apart, and the binding will be required to be of the most substantial character.

The Commissioners will award the contract to the bidder or bidders whose bid or bids will, in their judgment, be most favorable to the public interest.

GOLD closed in New York yesterday at 114½a114⅝.

THE Internal Tax bill is to be reported back to the House at the earliest opportunity, when it will be taken up at once for consideration.

AN effort was to have been made yesterday to call up the Georgia bill, in the House, in the face of a strong desire on the part of many members that it should go over to Tuesday next.

IT IS SAID that the San Domingo business, treaty, protectorate and all, has been positively laid aside, not to be pressed again at this session. Whatever new lights Senators may see during the recess, the people will be of the same mind in that matter next Christmas as at the last New Year.

THE Territorial Committee of the Senate reports favorably on the bill to organize the Territory of Oklahoma, and consolidating therein the Indian tribes, with more or less probationary privileges of citizenship. The area included by the bill is bounded by Texas on the south, Kansas on the north, Arkansas and Missouri on the east, and stretches west to the 100th medium of longitude. We have formerly adverted to the intrinsic merit of the proposition which this bill embodies, and only need remark now that we find no cause for changing our former opinion, that it presents the pivotal point in the only practical position upon which the Indian problem can be permanently and creditably adjusted.

THE construction of the Northern Pacific Railway will be pushed at once with all the energy and success that capital can command. The company's bonds will be placed in the markets of this country and Europe without delay, the plates being already in a state of forwardness. It is already ascertained that the actual requirements of the work will offer the only limit to the cash resources which await the company's call. The merits of the project and the high character of its promoters alike command confidence in all financial quarters.

By the by, it may be well enough to mention, *en passant*, that, while the Pennsylvania Railroad has equal facilities with its rivals in the matter of a connection with the Union Pacific at Omaha, it will have a decisive advantage over any competition at the Eastern termini of both the Northern and the Southern routes. It is enough for to-day to state that simple fact.

DECIDEDLY, the worst feature of this pestilent Fenian business, is that it may have the effect to deprive our people of their anticipated gratification in welcoming the advent, on Monday next, of a distinguished visitor, Major General GEORGE G. MEADE. It is not necessary to remind anybody of *his* title to the affectionate regard of the people. He had promised to be with us, assisting, on the 30th, in the ceremonies of that day. But if it be true, as reported last evening, that he was then on the Canadian border of Vermont, called thither by the uproar with which a few hundred deluded Irishmen are engaged in tempting the Dominion authorities to hang them all,—it leaves but little ground for the hope that the hero of Gettysburg can be our city's guest two days hence. In that event, it will be one consolation to remember that it is duty which keeps him away from us, and that he is never faithless to its obligations. To think that this wretched Irish bull on the border should thus threaten to rob two or three hundred thousand good citizens here of their opportunity to testify their love for GEORGE G. MEADE! Let us hope for the best!

ANDERSON'S PRINCIPLES.

We copy an extraordinary statement from the Beaver *Radical*, thus:

That our readers may recognize Irwin's circulars when they meet them, we give copies of a couple which came into our possession at Harrisburg last winter:

HARRISBURG, Jan. 10, 1870.
J. C. Bomberger, Banker:
Pay cash or bearer Two Thousand dollars.
GEO. K. ANDERSON.

HARRISBURG, Jan. 10, 1870.
J. C. Bomberger, Banker:
Pay cash or bearer Fifteen Hundred dollars.
GEO. K. ANDERSON.

These were circulars appealing powerfully to the sympathies of the Legislature to induce them to vote Irwin in for State Treasurer, and the editor of the *Radical*, wishing that all should be fully informed of Irwin's claims and arguments, sent a couple of his friends after some of them, which were duly forthcoming. Anderson made them sign a bond under seal with a big revenue stamp attached and duly cancelled for the return of the money in default of the vote, which was very annoying, but they went through.

—We hear that enquiries, if made in Dauphin and Lebanon counties, would reveal the names of legislators to whom these checks—representing Irwin's arguments and Anderson's principles—were given in consideration for certain votes, which were *not* rendered according to the contract. We hear that the man Anderson now claims that these checks were forgeries, and not executed by himself. Why don't he prosecute the guilty parties? There must be plenty of them. The checks were falling around Harrisburg like our Pittsburgh soot of a winter's morning. Who is this Anderson who bribes, or essays to bribe, the members of our Legislature in this wholesale style, or who, otherwise, sweetly submits to the equally wholesale forgery of his name? The checks were cashed by the banker upon whom they were drawn. Somebody has lost a large sum of money by them. If they were forgeries, why don't the banker prosecute? If "George K. Anderson," whose name was "forged" as the drawer, has made the banker good, why don't he prosecute, himself? The Courts are open, the law plain, the offenders flagrant, and the proofs as plenty as "autumn leaves in Vallambrosa." Why don't somebody sue somebody—and send some knave to the penitentiary? What "Geo. K. Anderson" is this, who lavishes thousands in the bribery of legislators, or who can afford to pocket the loss of both money and reputation, under "forgeries" which nobody makes any haste to substantiate? Who is he? Is he, or is he not, the same "George K. Anderson" who, as we see, is, at this present, soliciting the suffrages of honest men and law-abiding citizens, in Crawford and Erie counties, for a Republican nomination to the Senate? If we were told that he is the said man, we should be astonished at a brazen induration of cheek which even Old Clootie himself must chuckle over with sincere admiration. "Geo. K. Anderson!" "Geo. K. Anderson!" "Geo. K. Anderson!" Come into Court, and explain this business! We call upon all the "Geo. K. Andersons" in the Commonwealth to step forward, and purge themselves on oath from this impeachment of one knave of their number. Perhaps we may thus catch the right man. Indeed, we are sure of him, ere long, in some way.

THE DUTY OF THE HOUR.

It is really comfortable to observe the ~~fidelity, in promptitude, candor and vigor,~~ with which the Republican press generally of the State, and especially of the western districts, is dealing with the question, pressing at this moment, of the local nominations for the Legislature. With but few exceptions, the Republicans of these counties are now upon the very point of arranging their tickets. It is eminently fit that the qualifications of candidates shall be thoroughly canvassed, in advance of the decisive act which is to surround their position with the highest sanctions of the party. Inside of our Republican organization, the battle, if there be any, should be fought out now; after the nominations shall have been made, the issues are usually and properly confined to the broader questions upon which parties divide. Our internal differences now are wholly of a personal type; when the tickets are finally chosen and set in the field, those differences should be regarded as effaced entirely among Republicans.

Never have the Republican people of the State been more profoundly impressed with the absolute need for great care in arranging these nominations. Hence, there is a freedom of discussion, of individual merits, which has not been always seen heretofore, but which argues well for the honorable issue, not only of the political canvass, but of the legislative experience of next winter.

The people are of one mind upon certain leading questions. No man who has made a bad record in the past need hope for their confidence again. The feeling is unanimous that the interests of the Commonwealth and of the party, in repute and in fact, are identical, and that the citizen who has been false to the one is thereby disqualified for any trust in the other. This healthy sentiment promises to lead to the final dismissal from public life of the handful of men who have so grossly outraged the public sense, and disgraced the Republican organization, by their past misconduct at Harrisburg. The people will not have these persons on any terms, again. They will not nominate one man of them, if they know it. An intelligent and fearless press is faithfully engaged in supplying the requisite data for their information.

The GAZETTE, in common with its cotemporaries in the other counties, is mindful of this duty now. We have spoken plainly of men and things. We shall continue to advise with our readers, in all quarters of Western Pennsylvania, candidly and faithfully. We do not mince matters. We speak for the purgation of the party, as well as for the higher interests of the Commonwealth. Unfortunately, there has been and still is a broad field for just animadversions. As long as corruption has been rife, and still threatens us, we shall expose it. So long as bad men shall persist in thrusting themselves upon the confidence of the party, they can find no favor with us. It shall not be for the lack of our blunt and unsparing testimony, that the first man, of all that scampish crew who have made politics a trade for their corrupt private profit, shall succeed in securing either a nomination or an election to an office which he intends to disgrace. We have enlisted for the whole war against all such men, and shall stick by our colors, until October if need be. This is our justification for the frankness and persistence with which we are, at this moment, laboring to enlighten our Republican friends, in this quarter of the State, as to the precise status of some of their local candidates.

We are happy to say that this is a work in which, just now, no one journal is either leading or following. With two or three exceptions, every Republican paper in these Western counties, is sound to the marrow. The effect is that bad men have been generally deterred from official aspirations; there are, however, two or three of such yet in the field, to whom we give this fair notice that we shall continue to hold them up to the public contempt, until that just sentiment shall finally extinguish them. We give this pledge to our readers in every county on this side of the Alleghenies. They expect the duty from us, and they shall not be disappointed.

Letter Fr Kansas.

LABETTE CO., Kansas, May 25, '70.
PITTSBURGH GAZETTE:

I see by looking over some of the Eastern papers, of recent date, several articles have been published stating that there is a great drought in Kansas; that thousands of persons with their families are on their way back to the Eastern States, most of them dead broke, &c. I now beg leave to contradict all of the above reports. I am in communication with all parts of this State and have not heard one word concerning the want of rain. Crops never promised to be better than they do this season. We had last night and to-day a long continued and heavy rain with indications of more at the time of writing. There are no families on their way back to the Eastern States, that I have heard, but all speak loud in favor of their new homes. I have heard no one who is willing to work, complain of being broke. Wages are good. Farm hands get $30 per month and board, mechanics get $3 to $5 per day. Good board can be obtained for $4,50 to $6 per week in the towns. Good mechanics are in demand. I will close by saying that all countries have their enemies and sore heads. Those ill communications, no doubt, have been written by some one who never had been from home before he came to Kansas, of course he got home-sick and went back, and he had to make some unfavorable story about the country for an excuse. We have no use for such men or women in this State. Of course they are wise in going back to the old homesteads again, under the care of their fathers, where they can eat apples and other fruits, the result of the care and thrift of their ancestors. They have not pluck to come to Kansas and take up wild land and improve it. We don't want men who will get the blues the first hot day or will sell out and go back the first dry week, or even the first failure of crops; such are not the men to improve a new country. There has not been one failure in crops since 1860, and I see no indications of a future failure. Rain appears to fall in abundance, crops yield extremely well and bring a good price.

J. LIVINGTON.

Assassination.

A strange story is reported from North Carolina. On Saturday last J. W. Stevens, an ex-State Senator, attended a public meeting in the town of Yancyville, and as he did not return to his family in the evening, search was made in every direction throughout the night without avail. On Sunday morning the search was resumed, and after looking everywhere else the Court-house was ransacked. The keys to all the private and jury rooms were found except one, and that room was locked. The door was burst open and Mr Stevens was found dead, dangling from a beam, with a rope around his neck and his clothing saturated with blood. A deep gash in his breast showed that he had been stabbed to the heart, and another wound showed that the assassin's dagger had penetrated the unfortunate victim's throat. It is supposed that he was inveigled into the room by the assassins, on the plea of business, and then foully murdered. No clue to the perpetrators of the bloody deed has yet been obtained. The people of all political opinions express great regret at this horrible occurrence, and active efforts are being made to ferret out the murderers.

THE GAZETTE, for one of its years, has more youth and vivacity than any of its cotemporaries. In its new dress it has a bright, cheery face, and is brim full of intelligence.—*Pittsburgh Review.*

The Fenian Fraud.

The Pittsburgh *Post* says: We have so frequently used the influence within our sphere, by way of counsel to our Irish population, to cut loose from heartless demagogues, who play upon their feelings and to listen to those who were really their friends, that it has been seized upon to our disadvantage. We have been represented as unfriendly to the cause of freedom in Ireland, and wanting in sympathy for that people. As these columns are not the proper place to explain why this could not be so, we must be content to rest under whatever charges designing and unprincipled men may choose to make. We again reiterate in the very midst of this Fenian torrent, that our knowledge of a few of the leaders, justifies us in repeating that they are unprincipled scoundrels, obtaining money under false pretences, and deluding honest men to their own destruction. Men and women, boys and girls, have been importuned to give of their hard-earned wages, to get up expeditions, to make war upon a nation with which we are at peace, and which, under every principle of international law, strengthened by special treaty, this Government is bound to interrupt, or to be prepared to accept war itself. Sunburst bonds, payable when Ireland is free, have been imposed upon thousands, and the money spent by mountebanks who may well laugh at their dupes. Of the many thousands who are now adrift over the country, how many of them know the plans of the leaders. They go it blind, resting content with the assurance that General O'Neill and a few other equally daring and wise will guide them to success.

All this is humiliating to a people whose blood has watered every field where human rights have been tested by force, whose genius is the admiration of the world; whose whole history has been a struggle against incessant persecution, and it becomes doubly painful to contemplate the increased suffering which those now in Ireland must endure from the abortive attempts made in this country to assail England through one of her colonies. Every such attempt affords a pretext to impose additional penalties and furnish arguments to the inveterate foes of the Irish race, country and religion.

Steel--The Siemens Process.

The report of Mr. Slade to A. Hewett, United States Commissioner to the Paris Exposition, thus describes the progress making in the use of the Siemens furnace in England, more especially in the establishments for the manufacture of Bessemer rails. He says:

The Siemens furnace is coming extensively into use in steel works for heating ingots. At present they are in operation at Crewe, Bolton, Barrow, the Mersey works and some other places. They require a certain amount of care in their management, but yield very satisfactory results in their working. They are expensive in first cost, but in districts where coal slack is abundant, they are exceedingly economical in respect of fuel, since they allow of the use of this cheap material instead of better and more expensive coal. But even where good coal must be employed in the gas producers, the utilization of all the heat produced by combustion renders the saving of fuel very considerable as compared with the ordinary reverberatory furnace. For steel, an excessively high temperature, such as is required for some operations, and which alone the Siemens regenerators are able to give, is not necessary, and where much steam power is required it may be quite as economical to employ the waste heat from the furnaces for heating the boilers as to pass it through regenerators for the purpose of heating the incoming gases for the furnaces themselves. In such a case, as much and more expensive fuel might be required for generating steam under independent boilers as would be saved at the furnaces by the use of the regenerators. In this connection may be noticed a plan that has been adopted at the Bolton works with good results, namely: the heating of boilers by gas drawn directly from the gas producers. This, of course, gives the same economy in respect of slack as already referred to. Where sufficient steam is already obtained, or is not required at all, the regenerative furnaces are of undoubted advantage. Mr. Webb, at Bolton, states that it is still an open question with him, whether it is preferable to heat his boilers, as already mentioned, by gas, or to place them over furnaces fired in the ordinary way with coal.

London Street Cars.

London has had a genuine sensation, and over a much needed and practicable improvement—the opening of two miles and a half length of street tramway, between Whitechapel and Bow church. The long straight road through which the cars pass was in a state of tremendous excitement during the whole of the day, and the crowds were so great that it was with difficulty the cars could pass. At the termini of the line the concourse of curious people blocked up the thoroughfares during the mid-day hours. The cars are described as being about double the length of ordinary omnibuses, and are built to seat twenty-two within and twenty-four without. According to the charter of the company, workmen are to be conveyed at the fare of one penny on particular journeys, morning and evening, and it was of this class of passengers that the first load was composed. The cars give ample sitting and walking room for everybody inside, and as much comfort on the roof as soft cushions and an abundant supply of knee-wrappers can furnish. The horses, like the charioteers of ancient days, wear a minimum of harness—nothing, in fact, behind the collars—and the drivers are clad in the smartest of liveries. This Whitechapel enterprise has cost something like £4000 per mile. The Directors and a few friends interested in the undertaking celebrated the opening in the usual British fashion, and after dinner there was much triumph expressed at the success of the new line.

The Prothonotaryship.

The Harrisburg *Topic* says: J. Ross Snowden, Clerk of the Supreme Court for the Eastern District, as all know, is not spotless. His implication in the naturalization frauds in 1868 has rendered him entirely unfit for the responsible position which he has so long held, and the people have repeatedly demanded his removal. His term is about to expire and we are encouraged by the well founded probability that the Judges on the Supreme Bench will supply his place with a better man. Of right, the position belongs to a good Republican, because for many years past the Prothonotaries of our highest Court have been taken from the ranks of the Democracy. The Republican party having at last succeeded in rescuing the Supreme Bench from the thraldom of Democratic pro-slavery tendencies, it is but natural for us to expect this reform in its clerkship. And it is asked by the masses of the people, in this instance, not solely on partizan principles, but mainly because the present incumbent is entirely unworthy the confidence of the public or the countenance of the judiciary.

A CORRESPONDENT of the Key West (Florida) *Dispatch*, writing from Havana, gives a different version of the last moments of the brave old General Goicouria. As has before been said, the last words from his dying lips were cheering to Cuban liberty. He was denied food during the two days preceding the execution, in order that his voice might be so weakened as to prevent his speaking on the scaffold. In spite of this, however, he had the power to articulate these words: "I die for Cuba! because I am assured that she can and will be free! free! yes, at no distant day! I am rejoiced now in the thought that I have labored for Cuba for thirty long years. God bless and keep Cuba! Long may she live!" etc. Here the attending Catholic priest crammed his pocket handkerchief in the mouth of this brave man, whereupon the drums began to beat, and then the iron necktie was adjusted to the throat of the victim. A few minutes and all was over with the noble man who freely gave his life-blood as a libation for freedom's altars.

A CATHOLIC CLUB was founded at Kempten in Bavaria on the 28th of April, for the purpose of resisting the innovations of Rome. It has already gained numerous members, and in all probability many similar societies will be formed. It intends to oppose by every legal means the elevation of the doctrines which now occupy the attention of the Council into articles of faith, so far they tend—

I. To establish the infallibility of the Pope, and consequently his unlimited sovereignty over the whole Church.

II. To render the decrees of ecclesiastical authorities binding on the State and on civil society, and thus to legalize the usurpations of the spiritual powers in temporal matters.

III. To affect the civil equality of the adherents of various confessions, and thus to endanger religious liberty.

IV. To set bounds to the freedom of individual conviction in as far as it is founded on scientific research, and thus lay an intolerable burden on the consciences of the members of the Church.

From the Boston Transcript.

A Peep Into the Future.

The following extract from a letter received by one of our friends describes the operation of a pneumatic tube between Glasgow and London. Probably few of our readers are aware of the existence of the process by which messages and packages are almost instantaneously transmitted between these two cities:

"I had occasion to send a telegram to London the other day, and in a few minutes received a reply which led me to suppose that a serious error had been committed by my agents, involving many thousand pounds. I immediately went to the telegraph office and asked to see my message. The clerk said, 'We can't show it to you, as we have sent it to London.' 'But,' I replied, 'you must have my original paper here; I wish to see that.' He again said, 'No, we have not got it, it is in the postoffice in London.' 'What do you mean?' I asked. 'Pray let me see the paper. I left it here half an hour ago.' 'Well,' he said, 'if you must see it, we will get it back in a few minutes, but it is now in London.' He rang a bell, and in five minutes or so produced my message, rolled up in pasteboard.

"It seems that for some months there has existed a pneumatic telegraph betwixt Glasgow and London and betwixt London and the other principal cities of the kingdom, which consists of an iron tube, into which the messages are thrown and sent to their destination. I inquired if I might see a message sent. 'O, yes; come round here.' He slipped a number of messages into the pasteboard scroll, popped it into the tube, and made a signal. I put my ear to the tube and heard a slight rumbling noise for seventeen seconds, when a bell rang beside me, indicating that the scroll had arrived at the General Post office, four hundred miles off! It almost took my breath away to think of it. If I could only go to Boston with the same relative speed, you might count on my passing an evening every week at 124 Beacon street, and returning home to sleep. Who knows but we may be conveyed in this marvellous manner before many years?

"Perhaps you are aware that there has been a large tube between the General Postoffice in London and the station in Eustace Square in operation for a number of years. The mail bags for the north are all sent by this conveyance, so that the Postoffice receives letters up to a few minutes before the train leaves, three miles off. The transit takes less than two seconds! Surely, this is an age of wonders!

Wedding in High Life--The Elite of Nevada Present.

Alluding to a recent marriage in Toano, the White Pine *News* of May 17th has the following paragraph:

Yes, and we were there to see. In our time, pretty moth, we have seen some things done as well as others; have seen bucking horses, drunken Indians at war, locomotives running off the grade, and a great many irregularities of art and nature; but that wedding doesn't get justice in the above two line announcement. It was charmingly wild, sublimely ludicrous. After the freshly plighted loves had been wet down with about seventeen gallons of beer, at the expense of the hilarious groom, and the jokes passed grew more plentiful than polite, that excellent lady, Mrs. Smith, turned her dining room over to the service of the party. A dance was improvised, although to commence, no music could be procured except a wheezy accordeon, of about eight-crab-power stroke, propelled by a drunken Frenchman. That, with about eighty men and three ladies, including the blushing bride, the men all smoking cigars and wearing their hats, constituted the outfit. Those not dancing applauded, yelled, screeched, and gave forth such other signs of approbation as you hear at a well regulated circus or dog fight. Creighton's teams got in from Idaho that afternoon and one of his teamster's had a fife—a sort of splinter from a steam whistle. With that and a breath well braced for strength, the orchestra was reinforced; and not the heavens above nor the earth beneath ever witnessed a scene more exempt from the cramping conventionalities of polite society. The bridegroom wearied, but the bride held out faithful on the dance. The fighting did not commence till after the adjournment, and the joyous bridegroom got away with his man, and at an early hour of the morning retired with his queen of hearts to their downy couch—to dream off the fumes of the night's potations. Then Rice's brigade took up the refrain, and with horse-fiddle, tin pans and horns, regaled the town till human nature could endure no more; and all came to a peaceful termination a little before train time; and at 4:20 we left Toano to its dreams.

Paris Manners and Paris Cookery.

The principal change that a dozen years have wrought in Paris are, that the whole population of the boulevards have become fat; and that the tripping little grisette, with her pretty cap and neat, inexpensive dress, has disappeared from the streets, and been replaced by the *demoiselle du magazin*, who dresses in a yellow-braided jacket and high-heeled boots. In like manner the brisk little fellows who lived on fried potatoes and vaudevilles, and went humming about their shop work have become discontented prigs, with mutton-chop whiskers, who pass their evenings in organizing strikes, and the rest of their time in dreaming of *une serieuse position sociale*. One observes, also, the decline and fall of French cookery. This plump people, though they have grown so round, no longer imagine delicate dishes, as in the hungry days before the first revolution, when they all had such empty stomachs and such hungry minds. They have become so satisfied with succulent food as to be indifferent to the finer arts of the kitchen. No new culinary invention of world-wide reputation has been discovered in Paris since the "Mayonnaise," and every recent addition to French fashionable dinners is of foreign importation. There is a grievous list of them, "Romp steack a la moelle"—a thick chunk of tough beef with clumps of marrow lying in a glutinous lake of brown sauce; hard knobs of roast mutton hash, and, finally, even turtle soup, melted butter, cayenne pepper and hot gin-and-water have made their appearance at the best tables. The hot gin-and-water is indeed called "krock," but under this name it is nationalized, and its effect on the lively Parisian temperament is to make it suddenly and wildly boisterous.

How to Judge Books.

Would you know whether the tendency of a book is good or evil, examine in what state of mind you lay it down. Has it induced you to suspect that what you have been accustomed to think unlawful, may, after all, be innocent, and that may be harmless which you have hitherto been taught to think dangerous? Has it tended to make you dissatisfied and impatient under the control of others, and disposed you to relax in that self-government without which both the laws of God and man tell us there can be no virtue and, consequently, no happiness? Has it attempted to abate your admiration and reverence for what is great and good, and to diminish in you the love of your country and your fellow-creatures? Has it addressed itself to your vanity, your selfishness, or any other of your evil propensities? Has it defiled the imagination with what is loathsome, or shocked the heart with what is monstrous? Has it disturbed the sense of right and wrong which the Creator has implanted in the human soul? If so—you are conscious of all or any of these effects—or if, having escaped from all, you have felt that such were the effects it was intended to produce, throw the book into the fire, whatever name it may bear in the title-page. Throw it into the fire, young man, though it be the gift of a friend; young lady, away with the whole set, though it should be the prominent furniture of a rosewood bookcase.—*Southey.*

IT is the opinion of the authorities at Washington that O'Neill had arranged for his arrest by the United States Marshal before starting on the war-path, and that he has never had any serious designs of invading Canada, but has made the present feint for the sole purpose of exciting the Fenian element throughout the United States, and increasing the contributions of money to the Fenian treasury. Some of the strongest advocates here denounce the present movement as fraught only with failure. The authorities are advised by leading politicians not to intercede with the British government for their release, if any Fenians should be foolish enough to cross the Canadian frontier and fall into the hands of the Canadian authorities.

THE next German Protestant Diet will be held in Darmstadt in October. The themes for discussion will be "The Mission of Germany as against the Romish Council," by Dr. Bluntschli, "The Mission of Protestantism as against the Papacy," by Professor Baumgarten. Professor Baumgarten is preparing an appeal to the Protestants of Germany, which will shortly be issued through the press.

THE difficulties in the way of the acceptance by the Philadelphia Library Company of the bequest of Dr. James Rush have been removed. Without such a law as that of last winter, which has been accepted by the stockholders, the bequest could not have been accepted; for it would have imposed such restrictions on the company as would have impaired the usefulness of the Library as an institutution for the people. The executor of the estate and the committee of the Library Company are entitled to great praise for having come to a compromise so satisfactory to all interested.

THE POPULAR TONIC OF THE AGE.

The day has gone by when a medicine without merit could command and retain the confidence of the world. Advertising induces the public to try many things, but in this shrewd and thoughtful age, words will not suffice without proofs, and it is by the exercise of their private judgment, men determine the relative value of the various articles recommended to their notice through the business columns of newspapers. Hostetter's Stomach Bitters has now been subjected to this searching ordeal for more than eighteen years, and the result is that it stands at the head of the class of remedies to which it belongs. It has distanced and lived down innumerable competitors, and is to-day the Standard Vegetable Tonic of the western world. The happy effects which have followed its use in cases of dyspepsia, billiousness, nervous affections, intermittent fevers and general debility, and as a constitutional invigorant, have entitled it to universal confidence. Nothing can ever shake its reputation, for it is based on the individual experience of tens of thousands of witnesses, embracing prominent and well-known citizens of every profession, occupation and class. There is not a city, town or settlement in the United States where it is not a medicinal staple. No druggist or general dealer would consider his stock complete without it, and the returns of the internal revenue department show that its sales exceed those of any other proprietary restorative manufactured on this side of the Atlantic. The beneficial results derived during a long series of years from the use of Hostetter's Bitters, have convinced the whole community that the only true way to restore to health a broken down or debilitated system, or to put the human body in a defensive condition when exposed to unwholesome influences, is to invigorate, regulate and purify it at one and the same time.

NEW ADVERTISEMENTS.

LOAN
of the
Chesapeake and Ohio Railroad Co.

The Chesapeake and Ohio Railroad

Is completed and running from RICHMOND, VA., to the celebrated WHITE SULPHUR SPRINGS, in West Virginia, 227 miles. It is being rapidly extended to the Ohio river, 200 miles further making in all 427 miles.

In its progress Westward, it penetrates and opens up to market the WONDERFUL COAL DEPOSITS OF THE KANAWHA REGION IN WEST VIRGINIA. And thus brings the superior and abundant Coals of that section into communication with the IRON ORES OF VIRGINIA AND OHIO, and the WESTERN, SOUTH WESTERN AND EASTERN MARKETS.

When completed it will connect the SUPERIOR HARBOR FACILITIES OF THE CHESAPEAKE BAY with reliable navigation on the Ohio river, and thus with the ENTIRE SYSTEM OF RAILROAD AND WATER TRANSPORTATION OF THE GREAT WEST AND SOUTHWEST.

It will make a SHORT, EASY, CHEAP and FAVORABLE ROUTE from the WEST to the SEA and will command a LARGE SHARE OF THE ENORMOUS FREIGHTS seeking transportation to the coast.

It will thus become one of the most IMPORTANT AND PROFITABLE EAST AND WEST TRUNK LINES OF RAILROAD in the country, and command a trade of immense value.

The completed portion of the Road is doing a PROFITABLE AND INCREASING BUSINESS, and is fully equal in value to the whole amount of the mortgage upon the entire Line—($15,000,000.)

The loan of the Chesapeake and Ohio Railroad Company, being a FIRST MORTGAGE UPON THE ENTIRE LINE, PROPERTY AND EQUIPMENTS, WORTH WHEN COMPLETED AT LEAST $30,000,000, is therefore one of the most substantial, conservative and reliable Railroad Loans ever offered in the market, and is peculiarly adapted to the wants of

Investors and Capitalists.

Who desire to make their investments with the most satisfactory assurance of POSITIVE AND UNDOUBTED SECURITY.

The Bonds are in denominations of

$1,000, $500 and $100,

and may be had COUPON or REGISTERED.

Interest Six per cent. per annum, payable MAY 1st and NOVEMBER 1st.

PRINCIPAL AND INTEREST PAYABLE IN GOLD IN THE CITY OF NEW YORK.

Price 90 AND ACCRUED INTEREST in Currency, at which price they pay nearly SEVEN PER CENT. IN GOLD on their cost.

All Government Bonds and other Securities dealt in at the Stock Exchange received in exchange, at their full market value, and Bonds sent to all parts of the country, free of Express charges.

They can be obtained by ordering direct from us or through any responsible Bank or Banker in any part of the country.

DR. WHITTIER
CONTINUES TO TREAT ALL PRIVATE DISEASES. Syphilis in all its forms, all urinary diseases, and the effects of mercury are completely eradicated; Spermatorrhœa or Seminal Weakness and Impotency, resulting from self-abuse or other causes, and which produce some of the following effects, as blotches, bodily weakness, indigestion, consumption, aversion to society, unmanliness, dread of future events, loss of memory, indolence, nocturnal emissions, and finally so prostrating the sexual system as to render marriage unsatisfactory, and therefore imprudent, are permanently cured. Persons afflicted with these or any other delicate, intricate or long standing constitutional complaint should give the Doctor a trial; he never fails.
A particular attention given to all Female complaints, Leucorrhœa or Whites, Falling, Inflammation or Ulceration of the Womb, Ovaritis, Pruritis, Amenorrhœa, Menorrhagia, Dysmenorrhœa, and Sterility or Barrenness, are treated with the greatest success.
It is self-evident that a physician who confines himself exclusively to the study of a certain class of diseases and treats thousands of cases every year must acquire greater skill in that specialty than one in general practice.
The Doctor publishes a medical pamphlet of fifty pages that gives a full exposition of venereal and private diseases, that can be had free at office or by mail for two stamps, in sealed envelopes. Every sentence contains instruction to the afflicted, and enabling them to determine the precise nature of their complaints.
The establishment, comprising ten ample rooms, is central. When it is not convenient to visit the city, the Doctor's opinion can be obtained by giving a written statement of the case, and medicines can be forwarded by mail or express. In some instances, however, a personal examination is absolutely necessary, while in others daily personal attention is required, and for the accommodation of such patients there are apartments connected with the office that are provided with every requisite that is calculated to promote recovery, including medicated vapor baths. All prescriptions are prepared in the Doctor's own laboratory, under his personal supervision. Medical pamphlets at office free, or by mail for two stamps. No matter who have failed, read what he says. Hours 9 A. M. to 8 P. M. Sundays 12 M. to 2 P. M. Office, No. 9 WYLIE STREET, (near Court House) Pittsburgh.

MONEY AND COMMERCE.

OFFICE OF PITTSBURGH GAZETTE,
FRIDAY, May 27, 1870.

Gold opened strong at 114⅞, advancing to 115⅛, but late in the afternoon declined to 114⅞ without any apparent cause.

Government bonds were strong, and 1881s advanced to 117⅞, but the old 5-20s and 10-40s were very dull, but the decline of gold did not further influence the market.

Stocks were very strong and advanced in the average about one per cent, but at the second board the whole market declined again but closed strong at the low quotations.

Money is very easy at nominal rates for call but long paper is not in demand and a heavy tax is put on.

Business extremely dull.

[By Telegraph to the Pittsburgh Gazette.]

NEW YORK, May 27.

Wall street, this afternoon, suddenly lost its buoyancy of the morning, and lower prices were made on the stock exchange and in the gold room, the decline being attended with a feverish and unsettled feeling. The occasion of this marked change was a break in foreign exchange from 9⅛ to 9⅜c.

The advance in gold this morning enabled bankers to buy a considerable amount of bonds for shipment, which increased the volume of exchange and caused some free sales of gold. In addition, a considerable amount of bills were drawn against other than Governments, including £150,000 said to be drawn by the Pacific Railroad Co. on their bonds in Europe.

The decline in exchange was caused by a break in gold from 15⅛ to 14⅞, and the decline in gold in turn affected Government bonds, which declined in sympathy.

Gold closed at 14⅝@14¾.

Carrying rates 4 per cent to flat. Clearances $39,000,000.

Shipments of specie to-morrow will probably range from $800,000 to $1,000,000.

The break in exchange did not occur until most of the gold bars were on shipboard, or else it might have checked the shipments to some extent.

Money easy at 3@5.

Sterling unsettled at 9⅛@9⅜.

Government closed firm. Coupons '81, 117⅞@117⅞; '62, 112⅜@112⅝; '64, 111⅜@111⅝; '65, 111⅜@111⅝; do. new, 113⅜@113⅝; '67, 114@114⅛; '68, 114@114⅛; 10-40s, 108⅛@108⅜. Currency: sixes, 112⅞@113.

State bonds steady; Missouris, 94; old Tennessee, 61; new do., 56⅛; old North Carolina, 48⅛; new do., 25; Virginia 69.

Stocks steady at close and showed slight recovery from the lowest point. Chief dealings were in Lake Shore, Ohio and Mississippi, Reading, Pacific Mail, and Western Union Telegraph.

PETROLEUM MARKET.

OFFICE OF PITTSBURGH GAZETTE,
FRIDAY, May 27, 1870.

There is no improvement to note in the general appearance of tone of the oil trade, and what is worse still, the indications in regard to the future are not at all encouraging. The market continues dull, and very unsatisfactory, as in the present condition of affairs it is simply impossible to make a movement; there is, as there has been all along, considerable inquiry for refined, but refiners cannot sell at the figures offered, and, as a consequence, we have but very few sales to report. True, the shipments are liberal, (over 4,000 bbls to-day) but the most if not all of the oil going forward was contracted for some time ago—so far as we can learn, there is but very little oil sold beyond June. Possibly there may be a reaction soon for the better, but, as already intimated, the indications at present are not encouraging.

CRUDE.

The market remains substantially as it was yesterday, and while the offerings are light, there is not much wanted. Sale 160 bbls spot at 12⅛; 1,000 do at 12⅛; and 1,000 seller 20 days at 12⅛. Seller all year, 11½@12; buyer all year, 13⅜@14.

REFINED.

Market, if anything, a shade stronger, but prices are without material change. May or June, 27⅛; July, 27⅜; August, 28; August to December, 28⅛; buyer all year, 29⅛ bid.

Live Stock Market.

NEW YORK, May 27.—Beeves are without material change, with 69 cars at Communipaw, 19 at Weehawken and 3 at One Hundredth street. There were 63 cars yesterday. Total for this week 6,350 head. The prices of to-day were 14@17c, and stock generally went quick, under the impression of light arrivals next Monday. Some very good cattle were on sale; one drove of 200 Illinois stillers, 7⅛ cwt, sold at 16@17c; 210 corn fed, same weight and prices; a drove of 7 cwt at 16c. Barely 4 cars of sheep arrived to-day, but there were 6 cars held from yesterday. Trade is slow at 5@7½c and stock not all selling. Fat lambs go readily at 14c; common at 12@13c. A car of fat Kentucky sheep, 89 lbs, sold at 7⅛c; a car of thin, 80 lbs, Ohio, 6⅛c; a car of very thin 69 lbs at 5c. Arrivals for the week, 10,000. Hogs are worth 12c net, with 9 cars to-day, making 18,300 for the week; market steady.

PITTSBURGH MARKET.

OFFICE OF PITTSBURGH GAZETTE,
FRIDAY, May 27, 1870.

The advance in wheat is attracting considerable attention, and while the views of operators are somewhat conflicting, yet as a general thing, there is but little confidence in the advance being maintained for any length of time. An exchange remarks: "There is no doubt of the fact that the exports of wheat and flour, from New York and Canadian seaports to Europe are larger than was anticipated, and the shipments from New York are so nearly equal to the receipts that the city consumption is being taken from the stocks in store. The reasons for this movement outward may be variously assigned, but whatever they may be, the movement can scarcely do other than justify the belief that the English deficiency is larger than has been estimated. The United Kingdom receipts during the first four months of the year were equal to 25,679,000 cwts of breadstuffs, against 22,872,000 cwts for the same time in 1869."

As reports from California have had a large influence in the recent advance in wheat, the following latest information will be of interest to the trade. The Sacramento *Union* of May 19, says:

"There has been a sudden rise in flour and a panic about the crops, which are thought by many to be next to a total failure. Our advices from the country do not justify anything like a total failure in wheat. On all low lands which have been sown before January the yield promises well. We have seen many fields in this, Yolo and Solano, equal to a prospect of a full crop, and so far advanced that no drought can now blight them. In all the Bay counties where the fogs prevail the crops will be fully average. In the valleys, where the planting was on summer fallow, and had the benefit of an early start and of all the rains, there will be not much less than an average yield. On high ground, where the planting was late and the ground badly prepared, so that the grain did not get rooted until more than half the rain of the season was wasted, there will not be half a crop. In parts of the San Joaquin valley, especially on the high, light soil west of the river, wheat this year is almost a total failure. Many of the fields will not be cut at all, and most of them will not yield over five to eight bushels per acre. Last year Stanislaus was the foremost wheat producing county; this year it will be among the lowest, unless we are greatly misinformed. The counties further south are in no better condition. Wheat, from the Stanislaus southward, may be pronounced almost a total failure, and very many of the fields, even in San Joaquin county are being made into hay. The Sacramento valley has fared much better. But the failure from the Stanislaus southward will work a reduction from last year of not less than 3,000,000 bushels. This failure in the South is in great part the fault of indifferent farming. A tolerable crop might have been produced even on the lightest soils, if they had been deeply summer fallowed, so as to give the planting the benefit of all the rain which fell from the beginning to the end of the season. Cultivated as they were, they lost more than half the rains which fell, and of course could not mature."

APPLES—The arrivals are getting smaller and smaller and the season will soon be over. We continue to quote at $5@6½ per bbl, for fair to choice.

BUTTER—The demand appears to be falling off and prices are weak and drooping. We now quote at 18@21, for good to strictly prime.

BROOM CORN—Demand very slow; prices nominally unchanged, 12 to 16c.

BROOMS—Store prices; Fancy, $5,50; No. 1, $4,50; No. 2, $4; No. 3, $3,50; Common, $2,50@3.

BEANS—Dull but nominally unchanged, $1,50@1,75 per bushel.

CHEESE—Choice old New York State Factory, 17; New York State Goshen, (new) 16@16⅛; Ohio Goshen at 15@15⅛.

CORNMEAL—Quiet and unchanged, 95@$1 per bushel.

CEMENT—Sales of Louisville Hydraulic at $3@3⅛ per bbl.

CARBON OIL—Demand light and prices are hardly sustained; we now quote in job lots at 23⅛ for standard brands—usual advance for small lots.

DRIED FRUIT—There is a fair demand for strictly prime apples and peaches, and the supply of this kind is very light, while common and inferior are abundant and hard to sell at any price. Apples, 5 to 7c; Peaches, 6 to 7 for quarters, and 8 to 9 for halves.

EGGS—There is no falling off in the demand, but the receipts to-day were unusually large, and it begins to look as if prices had reached the top. We can report sales to-day at 19@20.

FLOUR—Market firm but devoid of excitement, and with no improvement in the demand, there is no change to make in quotations. We continue to quote western flours, in store, at $5,25@5,75 for spring; $5,50@6 for winter and $7@7,50 for fancy brands. Rye Flour, $5.

GROCERIES—Sugars are again stiffening up having advanced an eighth in the east, and as the season for fruit is near at hand, it is believed that the advance this time will be maintained. In Coffees, Syrups, etc., etc., there is no change whatever.

GRAIN—The grain trade continues slow and unsatisfactory, but it is hoped that an improvement is near at hand—it is hoped that prices will advance in the east or decline in the west, so as to permit a resumption of shipments. Wheat continues to arrive pretty freely, but with a steady demand prices are maintained, $1,15@1,20 for red, $1,25@1,30 for white. Oats dull; we can report a sale on wharf at 48, and Philadelphia is only bidding 50, free on cars, which is but little better than 48 on wharf or track. Corn is quiet and unchanged, 83@85 for ear, and 88@90 for shelled. Rye was very dull to-day; one dealer said he could find but one buyer, and the best bid he would make was 93; this, however, is below the market price. Barley is not wanted, and there is little or none offering; may be quoted at 70@75, for prime spring.

HAY—Baled may be quoted at $12@17, for common to prime, and the demand if anything is rather better.

HEMP—Sales of undressed Kentucky Hemp at $167.

HUSKS—Corn husks, 3@3⅛ cts.

LARD OIL—City brands quoted at $1,26@1,28 for extra No. 1, and a well-known western brands at $1,30@1,31.

LIME—Sales of Cleveland at $2,25 per bbl, and eastern at $1,75.

POTATOES—No improvement to note in the demand and no change to make in quotations; Peach Blows, 35@40c per bushel.

PEARL BARLEY—No. 4, 5⅛c per lb; No. 3, 5⅛; No. 1, 6⅛. Oat Meal—A & B per bbl. of 200 lbs, $10; for half bbl, 100 lbs, $5,50.

PROVISIONS—Market steady but unchanged. Plain Shoulders, 13⅛; Sugar Cured (canvassed,) 15⅛; Ribbed Sides, 16⅛; Short Rib, 17⅛; Clear Sides, 17⅛; Canvassed Sugar Cured Hams, 20⅛; Breakfast Bacon, 18, plain, and 19, Canvassed; Lard, 17@17⅛, in tierces; and 18@18⅛ in kegs and buckets. Mess Pork, $30⅛. Dried Beef, higher, 21⅛, Canvassed.

PEANUTS—Dull. Tennessee, 8@9 cts.

SEEDS—There is no inquiry for either Timothy or Clover Seeds and the season may be regarded as over. Flaxseed is in steady demand at $2,15, with but very little offering, and a round lot might bring $2,20.

PITTSBURGH IRON MARKET.

OFFICE OF THE PITTSBURGH GAZETTE,
FRIDAY, May 27, 1870.

The iron trade presents but little that is new or important. The feeling seems more hopeful, and while it is thought that the worst is over, business continues dull, though this is usually the case at this season of the year. The demand for metal is by no means active, though, as will be seen, the sales are somewhat larger, and it is but proper to remark in this connection that stocks are comparatively light and the receipts limited. Prices compared with last week have undergone no quotable change. Following is the report of sales for the week:

RIVER NEWS.

River continues to recede steadily with 5 feet 10 inches in the channel last evening. Weather cloudy with indications of rain.

The Petrolia from Wheeling, arrived and departed, as usual.

The Granite State departed for Portsmouth with a fair trip.

The Belle, Capt. J. P. Smith, is the regular packet for Brownsville and Geneva to-day, leaving at 5 o'clock P. M. She will be found at the wharf boat, above the bridge this morning, as will also her agent, Mr. S. R. Patterson.

The R. J. Lockwood, Capt. Conkle, is announced to depart for St. Louis to-day without fail. The Lockwood, in all respects, is a very staunch boat, is admirably suited for low water, and will make money almost anywhere.

The Wauanita, Capt. J. F. Conway, will depart for St. Louis at an early day next week.

—A man named Hardy, a chimney painter, went to the top of the Great Republic's jackstaff, Monday, to scrub its ornament. The *Democrat* says: There he sat and scrubbed with the greatest self-possession, 80 or 90 feet above the surface of the water, his weight causing the attenuated spar to sway alarmingly to and fro. He sat on a small piece of board to each side of which swung a pail of water. The scene was novel. We don't know that a jackstaff was ever scaled in this manner before, for scrubbing or any other purpose.

—The following was among the dispatches from Washington: "The river and harbor appropriation bill, which has been agreed upon by the Commerce Committee, is ready to be reported. It appropriates $250,000 for the Louisville and Portland Canal, and $50,000 for the improvement of the Ohio River above. The Ohio delegation hope to get this amount increased when the bill comes up for consideration."

—A St. Louis dispatch says: Latest advices from the steamer Clara, which was sunk in the Missouri last Monday morning, is that she is settling fast, and will probably be a total loss. Some of her cargo and various moveable things aboard have been taken ashore. The Salvor No. 2 will go up, and rise or wreck her as circumstances and condition admit.

—The Ida Reese and Deer Lodge were heard from at Fort Thompson, Missouri river, on April 23d, drawing four feet, with only three feet of water in the channel. They were four days makin fifteen miles. The Ida Reese unloaded once. The Tacony was high and dry as reported.

—Next week Hambleton will launch, at Mound City, a new barge for the St. Louis & New Albany Barge Company, which will carry 2,000 tons—300 more than the barges built here for the same company, and, therefore, the largest that ever floated.

—The Mary McDonald, on her way to Omaha, "ran through herself"—broke some of her machinery—above Marion. The damaged part has been sent to St. Louis, and she will be enabled to resume her trip in four or five days.

—The big sternwheelers Wicks and Church are both laid up at Memphis. Rates, since their withdrawal from the St. Louis trade, have gone up to fifteen and twenty cents.

—The Tyrone, sunk in the Cumberland, was raised on Monday and taken to Liverport, where her damaged freight was discharged. The boat will go to Mound City for repairs.

—The John Kilgour will take the place of the Natchez in the New Orleans and Vicksburgh trade. The Kilgour leaves Louisville, for New Orleans, June 8th.

—The Grand Tower made the run from Cairo to St. Louis in twenty-six hours, after landing at all mail and other business points.

—The Natchez will leave New Orleans for St. Louis on June 18th, and every twelve days thereafter for four trips.

—The Collier and Glendale arrived at St. Louis on Wednesday.

SPECIAL NOTICES.

☞CONSUMPTION.

DR. SCHENCK'S PULMONIC SYRUP for the cure of Coughs, Colds and Consumption.

Dr. SCHENCK'S SEAWEED TONIC for the cure of Dyspepsia and all the Debilitated Conditions of the Stomach.

DR. SCHENCK'S MANDRAKE PILLS, for Diseases of the Liver or to act as a Gentle Purgative.

All of these three Medicines are often required in curing Consumption, though the Pulmonic Syrup alone has cured many desperate cases. The Seaweed Tonic and Mandrade Pills assist in regulating the Stomach and Liver, and help the Pulmonic Syrup to digest and search through the blood vessels, by which means a cure is soon effected.

These Medicines are conscientiously offered to the Public as the only safe, certain and reliable remedy for Pulmonary Consumption, and for all those morbid conditions of the body which lead to that fatal disease. Liver Complaint and Dyspepsia are often forerunners of Consumption, and when they manifest themselves they require the most prompt attention.

The Pulmonic Syrup is a medicine which has had a long probation before the public. Its value has been proved by the thousand cures it has made through a period of more than thirty-five years, in all of which time its reputation has increased, and the most obstinate skepticism can no longer doubt that it is a remedy which may be used with confidence in all cases which admit of a cure.

If the patient will perseveringly follow the directions which accompany each bottle, he will certainly be cured, if his lungs are not too much wasted to make a cure possible. Even in cases supposed to be incurable, when friends and physicians have despaired, the use of this Medicine has saved the life of the patient and restored him to perfect health.

Dr. Schenck does not say that all cases of Pulmonary Consumption are within the reach of medicine, but he emphatically asserts that often when patients have the most alarming symptoms, such as a violent cough, creeping chills, night sweats, general debility, even to such a degree that they are obliged to lie in bed, and when they are given up by their physician, they may still be cured. No medical treatment can create new lungs, but when the lungs are very sadly diseased and to some extent destroyed, a cure may be effected by Dr. Schenck's medicine.

Also, in Scrofulous Diseases, these medicines are equally efficient. Dr. Schenck has photographs of a number of persons who have been nearly covered with running sores and now all healed up. This shows its purifying properties, which must be able to heal cavities in the lungs.

In the treatment of Consumption it is of the utmost importance to give vigor and a healthy tone to the system. Hence it is necessary to strengthen the appetite of the patient and improve the digestion. Proper nourishment is required together with such means as will make the food easily digestible. The articles most suitable for the diet of Consumptive patients are designated in Dr. Schenck's Almanacs, which are distributed gratuitously. In general, the most highly nutritious articles are to be preferred, but the digestive organs must be strengthened in order to make either food or medicine serviceable. This requirement is met by the Seaweed Tonic, and for this purpose it was designated.

When the digestive powers are put in good order, the food has its proper effect; the system of the patient is invigorated and the lungs begin to exercise their functions in a normal and healthy manner. Then the healing powers of Pulmonic Syrup will effect the cure.

Pulmonary Consumption is almost always complicated with Dyspepsia and Liver Complaint. Schenck's Mandrake Pills are intended to remove obstructions from the Liver and restore its healthy action. They have all the efficacy which is ascribed to calomel or "blue mass," and are warranted not to contain a particle of any mineral poison. These Pills cure the most obstinate costiveness, sick headache, piles, billious affections, and all other diseases which arise from a torpid or obstructed condition of the Liver. One box of these pills will prove the efficacy of the medicine.

In Consumption the Seaweed Tonic and Mandrake Pills are invaluable auxiliary medicines. They relieve the sufferings of the patient and assist the Pulmonic Syrup in effecting a cure. They have been found useful in advanced stages of Consumption, where the lungs are almost entirely destroyed and all symptoms according to the judgment of the physician indicated a speedy death. The lives of patients who were actually in a dying condition have been preserved for months by the use of Schenck's three great remedies.

Dr. Schenck's Almanac contains a full treatise on the various forms of disease, his mode of treatment and general directions how to use his medicine can be had gratis, or sent by mail by addressing his Principal Office, No. 15 North Sixth street, Philadelphia, Pa.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists. de27:d&T

The Corner Stone of the new Trinity Church on Sixth avenue will be laid on Thursday, the 2d proximo, at 5 P. M., by Bishop Kerfoot, according to the ritual prescribed by the Church, which is at once imposing and beautiful. The clergy of the Vicarge, in canonicals, and the laity in large numbers will participate in the solemn and interesting ceremonies.

Felonious Assault and Battery.—Hubert Goodman made information before the Mayor yesterday charging John Gallaher with felonious assault and battery. He alleges that the accused assaulted him with the intention of robbing him, and struck him on the head with a large clinker. The difficulty occurred in Pipetown. The accused was arrested and locked up for a hearing.

Mr. John Megraw, No. 45 Ninth street, deals wholesale and retail in tobacco, snuff, cigars and all articles in that trade. Country merchants will find it an advantage to deal with him. His stock is fresh and very large, and his terms cannot be excelled. All lovers of the weed should patronize Megraw. He can appreciate their wants, and can supply them immediately with the best article manufactured.

It is hardly necessary for us to call the attention of our readers to the card of Mr. Samuel Morrow, on our first page, as he is so widely known in Pittsburgh and surroundings, that the mere mention of the fact, that he has again embarked in the business of manufacturing tin, copper and sheet iron ware, is enough to insure him his fair share of the trade. Mr. M. will be glad to see all his old friends and make the acquaintance of new ones, at his place of business No. 112 First avenue, near Market.

In Trouble.—Alexander Sweeny, son of a hotel proprietor, it would seem, has got himself into difficulty. A few days since a letter addressed to John Laughrey was left with him for delivery, which, it is alleged, he destroyed or detains. Laughrey made information before U. S. Commissioner McCandless, yesterday, charging Sweeny with intercepting, destroying or detaining his letters. A warrant was issued, the accused arrested and held to bail for his appearance at Court.

Considerable excitement was created on the South side last night in the neighborhood of Temperanceville, through the crazy freaks of a drunken woman named Sarah Freeman. She attacked a German barber in his shop and was about to demolish not only the man but his stock in trade, when the police made their appearance and she was hauled in a wagon to Justice Barker's office. From thence her evening ride was continued to the jail, in which she had, from the Justice, an order for her board for thirty days.

Ducked but not Drowned.—Last night, on the Allegheny river, while one of amateur boat clubs were practising the art of rowing in a four-oared shell boat, they succeeded in upsetting the frail vessel, and were unceremoniously soused into the water. They struck out like good fellows for their lives and shore, and accomplished the unwelcome swimming feat in good style. They presented a sorry sight on landing, and some fine clothing were ruined; but they had reason to congratulate themselves on their happy delivery from cruel death.

The Following Distinguished Ministers from abroad, delegates to the United Presbyterian General Assembly, will preach in our city to-morrow, as follows: Rev. Dr. Edmond, from U. P. McPherson, Canada Presbyterian Church, in the 5th U. P. Church, Pittsburgh, at 10½ A. M., and in the 1st U. P. Church, Pittsburgh, at 3 P. M.; Rev. Dr. Watt, Irish Presbyterian Church, in the 2d U. P. Church, Allegheny, 10½ A. M.

Fatal Accident.

A distressing accident occurred in South Pittsburgh yesterday, on the railroad track near the station, resulting in the death of Maggie Banion, aged four years, daughter of John Banion, section boss on the Pan Handle Railroad. The child, in company with other children, was riding on a hand car, which was standing on a side track, and by some means she was caught between the hand car and a freight car, and was crushed so that she died instantly. The Coroner will hold an inquest this morning. The accident occurred about ten o'clock yesterday morning.

The Boat Race at Annapolis.

Yesterday was the day fixed for the four oared shell boat race at Annapolis between the Quaker City Club of Philadelphia, and the midshipmen of the U. S. Naval Academy. Henry Coulter, of this city, had the former oarsmen in training for a fortnight past, and has them in prime muscular condition. The "middies" had no trainer, relying on youth and blood telling in the fight. The odds, however, were against them in the betting, standing two to one in favor of the Philadelphians. This race was for three miles in four-oared, outrigged shells, pulled without coxswains. It being examination week at the Naval Academy, President Grant and several members of the Cabinet were expected to be present. The telegraph has, at this writing, not yet informed us of the result of the contest.

Fine Clothing.

Hespenhide & Co.'s is the proper place for gentlemen who desire the best fitting and fashionable clothing. In the assortment of goods offered for a choice no house in the city excels this establishment, and in making up, the aim of Hespenhide & Co. has always been to occupy the front rank among the best merchant tailors. For this purpose the best cutters, and the best hands throughout, are employed, and every care exercised. This firm has been engaged in the trade for years, and enjoys a patronage corresponding with their years and merit. We know of no place in the city worthy of more hearty commendation. They have now a fine new fresh assortment of goods for spring wear, to which attention is invited. Gentlemen can do no better in price or goods than patronizing Hespenhide & Co.

U. P. CHURCH.

General Assembly.

THIRD DAY'S PROCEEDINGS.

Papal Baptism Considered—The Freedmen—Decoration Day—The Church Extension Cause—Animated Meeting of the Associate Synod—The Pulpits for To-morrow.

THIRD DAY—MORNING SESSION.

The Assembly met at nine o'clock, and was opened with prayer by the Moderator.

Half an hour was spent in devotional exercises, after which the Clerk read the minutes of the preceding meeting, which were approved.

Rev. R. H. Pollock stated that he had received a communication from Mr. John H. Irwin, Esq., of Coshocton, Ohio, who some years since had donated to this Synod a quarter section of land in Clark county, Iowa, which land had been neglected and allowed to be sold for taxes. The communication was referred to the Committee on Finance.

Mr. Getty presented an original paper and said he did not desire to have immediate action of the Assembly upon it. The paper was as follows:

WHEREAS, The action of the Presbyteries of Monongahela, Westmoreland and Frankfort, in regard to the China Mission, indicates a want of confidence in the Board of Foreign Missions, and conveys the impression to the Church at large, that said Presbyteries understand the workings of Foreign Missions better than the Board; and

WHEREAS, The assignment to said Presbyteries of the China Mission alone, would establish a precedent for other Presbyteries to follow, and thus produce confusion and perhaps destroy the Foreign Missions of this Church, be it, therefore,

Resolved, That the Board of Foreign Missions be abolished, and that the Foreign Mission work be placed under the care and direction of the Presbyteries of Monongahela, Westmoreland and Frankfort.

Resolved, That in the event of this change being made, said Presbyteries shall have the privilege of allowing missionaries to do as they please in regard to the distinctive principles of the Church.

A motion to receive the paper created considerable discussion.

It was thought by some that the paper was undignified and should not be received by the Assembly.

Others thought that there was no harm meant by the paper, but that it was the only means of reaching a fault that should be corrected. The Presbyteries had reflected upon the Board of Foreign Missions, of which Mr. Getty was a member.

A motion was then made to permit the paper to be withdrawn.

Rev. Mr. Wallace raised the point of order that a motion to permit a member to withdraw a paper which had not been received by the Assembly was out of order.

The paper was finally withdrawn, having accomplished the purpose for which it was presented.

The reports of the Presbytery of Mansfield and the Presbytery of Nebraska were presented and referred to the Committee on Narative and State of Religion.

The report of the Presbytery of Keokuk, Iowa, was presented and referred as above.

The Assistant Clerk stated that there had been placed in his hands a copy of the minutes of the General Synod of the Evangelical Lutheran Church of the United States of America, in which a paragraph was marked, and to which the attention of the Assembly was called. It referred to the appointment of Rev. J. H. Stuckenberg as a corresponding delegate to this Assmbly. The matter was referred to the Committee on Correspondence.

Rev. Dr. J. T. Pressly presented the report of the Committee on Church Extension, which was read and referred to the Committee on Publication.

PAPAL BAPTISM.

Rev. J. T. Pressly, D.D., Chairman of the Committee to whom was referred the matter of the validity of Papal baptism, submitted the following report:

The subject on which your Committee are expected to report is one involved in considerable difficulty; one in relation to which there is some diversity of opinion, even among those whose views of evangelical truth are substantially the same, and one on which the Churches generally have given no distinct deliverance. And the consequence is there is a difference in the practice, not only of different branches of the Christian Church, but of different individuals in the same Church, some acknowledging while others deny the validity of Papal baptism.

The question which meets us at the outset and demands an answer is: can the Church of Rome be regarded as the Church of Christ? If she is a Christian Church and baptism is administered by her in accordance with divine appointment, the conclusion would be that the validity of her baptism must be admitted, but if she does not possess the character of a Christian Church, her ministers cannot be regarded as men who are qualified to administer the Church sacrament, and consequently the validity of her baptism cannot be admitted.

Is then the Church or Rome, as a distinct organization acknowledging the Bishop of Rome as her ecclesiastical head, and holding that system of doctrine embraced in the decrees of the Council of Trent, a christian church? Is she so constituted, and is that system of religious doctrines which she holds of such a charactor as to give her a claim to be regarded as a Church of Jesus Christ? This question we feel constrained to answer in the negative.

1. The Church of Rome is not a Church of Christ, because she rests on a false foundation. By a perversion of the meaning of our Lord's declaration to Peter, "Thou art Peter, and on this rock I will build my church," Matt. 16: 18, she makes Peter the rock on which the church is founded. The Church of Rome claims to be the church and Peter is the foundation of the Church of Christ. The foundation on which she rests has been laid by God himself. "This saith the Lord of hosts—behold I lay in Zion for a foundation a stone, a tried stone, a precious corner stone, a rare foundation, he that believeth shall not make haste," Isaiah 28: 16. From the apostle Peter, we learn that this foundation which God has laid in Zion is Jesus Christ, and hence it is added, "He that believeth in him shall not be confounded," I. Peter 2: 9, and the Apostle Paul, speaking of the Church under a similitude of a building which is composed of all true believers, says that they "are built upon the foundation of the apostles and prophets, Jesus Christ himself being the chief corner-stone."—Eph. 2, 20. The apostles and prophets are workmen employed in the erection of this building, and the foundation on which they build is Jesus Christ. And yet more explicitly the apostle elsewhere declares "according to the grace of God which is given unto me, I as a wise master-builder have laid the foundation and another buildeth thereon. For other foundation can no man lay than that is laid, which is Jesus Christ."—1st Cor., 3:10. It thus appears that the Church of Christ rests upon the foundation which God has laid in Zion, which is Jesus Christ. On this foundation the apostles and prophets built, and other foundation can no man lay. But the Church of Rome is not the Church of Christ, because she is built on a false and unstable foundation.

2. The religious worship authorized by the Church of Rome partakes of the nature of Idolatry. God declares of himself "I am the Lord that is; my name and my glory will I not give to another, neither my praise to graven images." Isa. 42, 8. The divine command is "Thou shalt worship the Lord thy God and him only shalt thou serve." To offer religious worship to any created being is to rob the living and true God of the honor which is due unto his name and wear the guilt of idolatry. But the Church of Rome authorizes the worship of departed saints and of angels, and consequently is chargeable with the guilt of idolatry. By divine appointment Jesus Christ is the only mediator between God and man. He is the way, the truth and the life, and he himself declares, "No man cometh unto the Father but by me." But that glory which belongs to him exclusively, is transferred to another when sinful men are directed to approach unto God through the mediation of saints or angels.

3. Even when the great doctrines of Christianity are professedly received, such are the corruptions incorporated with them that the truth is virtually repudiated. The great doctrine of the divinity of the Son of God may be professedly held, but He is robbed of the glory which belongs to Him, when a position of equality, if not of actual superiority is assigned to the Virgin Mary, who is styled the mother of God. The doctrine of the original depravity of our nation may be acknowledged, but by maintaining the dogma of the immaculate conception of the Virgin Mary, this fundamental truth is rejected. The doctrine of justification by faith in the righteousness of Christ is overthrown by ascribing to works of penance the merit of receiving our acceptance in the sight of God. The efficacy and perfection of the atonement of our Lord and Savior are repudiated by the cardinal error, that the fire of purgatory is effectual in purifying the soul from sin, and in preparing for heavenly glory.

While then we admit that the church of Rome preferredly receives some of the leading doctrines of the Gospel, these doctrins are so corrupted by her traditions which are incorporated with them that their true character is destroyed, and though we do not deny that there may be true Christians who are in nominal communion with her, they are Christians, not because they are communicant Romanists, but because in reality they reject the errors which are incorporated with the papal system.

In conclusion then we would say, that the Church of Rome was once a Christian Church, yet by a gradual departure from the truth as in Jesus, and corruption of the faith once delivered to the saints, she has lost all claim to that character. As an ecclesiastical organization, she is now to be regarded by the Christian Church as the Synagogue of Satan; and the true followers of Christ are commanded to come out of her that they may not be partakers of her sins and that they may not receive of her plagues. Instead of bearing the inscription of a true church of Christ, she has a name written upon her forehead, "Mystery, Babylon the Great, the Mother of harlots and abominations of the earth." Her ministers, therefore, are not to be recognized as having authority to exercise office in the Church of Christ in preaching the Word or in the administration of the Sacraments, and hence the validity of Papal baptism is not admitted.

The report was read and referred to the Committee on Judiciary.

ORGANIC UNION.

J. S. Easton, D. D., Secretary of the joint Committee on Organic Union between the United and Reformed Presbyterian Churches, presented the report of the Committee, as follows:

To the General Assembly of the U. P. Church, to meet in Pittsburgh, May 25th, 1870:

The joint committee appointed by the General Assembly of the U. P. Church, and by the General Synod of the Reformed Presbyterian Church, on the subject of Organic Union, after much prayerful deliberation, agreed upon the following preamble and resolutions, and directed them to be transmitted to our respective churches for their consideration, as a suitable basis for their organic union. I have therefore the honor of laying this copy before your reverend body, and of asking for it the attention which the importance of the object sought justly deserves.

By order of Joint Committee,
J. S. EASTON, Secretary.

WHEREAS, An organic union between the General Assembly of the United Presbyterian Church and the General Synod of the Reformed Presbyterian Church is most desirable and of the utmost importance to the maintainance and more general diffusion of the principles which they hold in common; therefore,

Resolved, That these churches agree to form an organic union on the basis of the principles embraced in common in their respective Testimonies, and the other subordinate standards.

Resolved, That these churches when united shall be called the United Presbyterian Church, consisting of the Reformed Presbyterian Church and the United Presbyterian Church, and that the supreme judicatory of the united churches shall be called the "General Assembly of the United Presbyterian Church of North America."

Resolved, That the different boards and institutions of the respective churches shall not be affected by this union, but shall have the control of their funds and retain all their corporate or other rights and privileges until the interests of the church shall require a change.

The report was read and referred to the Committee on Judiciary.

On motion of Rev. A. G. Wallace, Rev. Wm. M. Owens was elected Assistant Clerk.

EDUCATION OF THE FREEDMEN.

The report of the Board of Missions to the Freedmen was presented. After returning thanks to God for the success which had attended the work, the report mentions that in commencing the year the property at Leavenworth was in debt but that it had been paid, all outstanding dues to teachers paid, repairs made, and a sufficient amount in hand to pay all indebtedness from other sources.

In relation to the Normal School ordered to be established by the Board, an agent had been appointed; $5,600 guaranteed as an appropriation from the Freedmen's Bureau, but that the matter was not pushed forward because of the difficulty of procuring an eligible site at Huntsville or Natchez without too great expense. To carry out this work, however, the Board suggested that all property under their control not necessary for the use of the church at Nashville and Vicksburg—these congregations to be placed under the care of the Home Mission Board.

Second—That a plantation be secured and an institution founded, thus combining mental and manual toil. In time the school would thus be self-sustaining.

Third—That a special church collection be raised for the purpose.

The Board reported that they had discontinued the school in Knoxville, and sold the property according to instructions.

The report then gave an account of the schools during the year. Corps No. 1, the Vickburg schools, was under the care of Rev. W. H. Buchanan, with John W. Morrow, Principal, and six female teachers. In the day schools the enrollment was 790, in the Sunday school 553. Average attendance at preaching 70. The congregation numbers 28, 11 of whom were admitted during the year. The baptisms were 7 adults and 2 infants. The money received was from the Freedmen's Bureau, $178; tuition fees $795; books sold $530 15; collections $426 40; other services $611 54; treasury of Board $4,473. Total $8,618 29. Balance in treasury $85 38.

For the ensuing year an appropriation of $5,500 is asked. The congregation agreed to pay $200 for salary of superintendent. The Freedmen's Bureau could give no more relief to denominational schools, and $1,000 will also be needed for contingent expenses.

Corps 2, Nashville, Tennessee, in charge of the Rev. Moses R. Johnson (colored), J. L. Pinkerton, Superintendent, and four teachers. The total enrollment is 584; in day school, 230; members of congregation, 77—20 of whom were received during the year; 12 adults and one infant were baptized. The congregation collected $325, and promise one dollar each member for the coming year. From sources outside, the Treasurer of the Board has received $887.24. Balance in Treasury, $59.18. Over $900 worth of clothing was received.

For the ensuing year an appropriation of $6,000 is asked,—provided both houses are occupied. If only No. 1 is occupied, $3,000 will be sufficient.

In Leavenworth, Kansas, Rev. Joseph McKelvy, returned missionary, is in charge. The progress during the year has been satisfactory. The Sunday-school enrollment is one hundred and twenty-four. The church membership is seventeen,—three received during the year. Services are conducted on each Sunday. In the weekly prayer-meetings, men and women take an active part. The money received outside the Board's appropriation amounted to $267.10; $271.15 was paid out. For the coming year $1,000 is asked.

During the year the Treasurer of the Board had received $14,744.66, and paid out $11,770.99, leaving a balance of $2,973.67, which will meet all liabilities and leave a small fund to commence the new year.

The Board at its last meeting resolved not to consolidate with the Home Board.

The work is strongly recommended to the Church, and the report closes with the announcement that the terms of service of the Revs. W. H. Anderson, Thomas H. Hanna and John B. Clark have expired and suggests the election of the two former and Rev. J. W. Witherspoon in place of Rev. Mr. Clark, who declines to serve further.

BOARD OF EDUCATION.

Rev. Mr. Collins presented the report of the Board of Education, from which it appears that seventy-six students had received aid during the year, and the sum of $4,288.28 was received. The demands made upon the Board were very pressing during the whole year, and the funds came in very slowly, which makes it desirable to take up the collections as early as possible. Care is also urged in the matter of recommending students to the Board. Piety and mental ability should be exhibited by the student, and it should be certain he needs the aid asked. It is also recommended that they be of frugal habits. So far as is known, the students now receiving aid are of unexceptionable character.

The questions proposed by the Committee on Examination were also presented for consideration.

The report was referred to the Committee on Education.

CHURCH UNION.

Rev. Dr. Pressly Chairman of the Committee on Church Union submitted the following report:

The Committee on the subject of Union among the different portions of the Presbyterian family respectfully submit the following report:

On the 4th of August last, the time appointed by the preceeding Convention, a meeting was held in Pittsburgh. On this occasion a majority of the Committee of the United Presbyterian church were present; but only one member of the Old School and not one of the New School Presbyterian church were in attendance. In consequence of the failure of our brethren to attend at the time appointed, nothing could be done. The Convention consequently adjourned *sine die*.

Report accepted and placed on the callendar.

Rev. Mr. Collins presented the report of the Committee on Education. The report contains much interesting statistical matter.

The report was read, accepted and referred to the Committee on Publication.

Rev. S. Collins, recently of the Board of Publication, presented the report of the Board, which was read and referred to the Committee on Publication.

The report of the Trustees of the General Assembly was then read, and referred to the Committee on Finance.

CORRESPONDING DELEGATES.

The report of the corresponding delegate to the Synod of the Canada Presbyterian Church was read, and entered upon the calendar.

Report of Rev. W. W. Barr, corresponding delegate to the Synod of the Reformed Presbyterian Church, was ordered to be placed on the calendar.

Report of Rev. William Bruce, delegate to the General Assembly of the Old Schooll Presbyterian Church, was also presented, read and placed on the record.

FROM PRESBYTERIES.

A report from the Allegheny Presbytery relative to church extension was received, and referred to the Committee on Church Extension.

A VISITOR.

It was here announced that Rev. Mr. Nevin, Missionary to China, who had been in the Celestial Empire for the past ten years, was in the house, and he was invited to take a seat on the Moderator's platform. Mr. Nevin complied, and the Assembly, as he ascended the platform, rose to their feet. In consequence of feeble health, Mr. Nevin was excused from responding to the numerous and kindly greetings extended to him.

SECRET SOCIETIES.

A memorial from the Chartiers Presbytery relative to the action of the General Assembly regarding secret societies, in which it was alleged that the Assembly had exceeded its authority if its action was properly understood. The report was read and referred to the Committee on Bills and Overtures.

ARTICLES OF TESTIMONY.

A memorial from the Presbytery of Philadelphia, relative to the Fifteenth Article of the Testimony, and asking that Assembly overture the article to the Presbyteries for repeal or confirmation, was read. Referred to the Committee on Bills and Overtures.

SECRET SOCIETIES AGAIN.

The Clerk read an address from the National Association in opposition to secret societies, asking the Assembly to appoint delegates to represent the Church and define its position on the question of secret societies at the next annual meeting of the Association, to be held in Cincinnati, in June, 1870, and also to appoint lecturers who should be under the supervision of the Society.

Considerable discussion ensued as to the propriety of receiving the paper.

On motion it was referred to a special committee.

PSALMODY.

A memorial from the Presbytery of Kansas, asking that the work of revising the Psalms might be brouht to a close and the new version so far as approved, be published with the version now in use.

On motion of Mr. Pollock, a special committee of seven—one from each Synod—was appointed, to whom the above and all similar papers should be referred.

The following gentlemen were appointed on the Committee: Rev. James Thompson, New York Synod; J. S. Easton, Pittsburgh Synod; Rev. Joseph Presley, First Synod of the West; Rev. J. Scott, Synod of Illinois; J. J. Larimer, Synod of Iowa; H. J. Downing, Synod of Ohio.

On motion, Rev. J. S. Easton was constituted Chairman of the Committee.

A report from the Synod of Ilinois was referred to the Committee on Bills and Overtures.

A communication from the Presbytery of Xenia, relative to church extension was read and referred to the Committee on Church Extension and Committee on Home Missions with instructions to bring in a joint report.

A communication from the Presbytery of Rock Island, relative to the publication of the new and old versions of the psalms in one volume was read and referred to the Committee on Publications.

OVERTURES.

A memorial from the Presbytery of St. Clair, protesting against the frequency of overtures, was read and referred to the Committee on Bills and Overtures.

A memorial from Detroit Presbytery, relative to the frequent revision of the psalms and protesting against any further revision of the same, was read and referred to the Special Committee of Seven on Pasimody.

A special report was presented from the Steubenville Presbytery relative to church extension. Referred to the Committee on Church Extension.

RECONSIDERATION.

Rev. Dr. Brown moved to reconsider the action of Presbytery in referring reports from Presbyteries of Frankfort and Philadelphia to the Committee on Bills and Overtures. He said that under the rules of the Assembly, the matter should be referred to the Judiciary Committee.

The resolution to reconsider was adopted and the matter referred to the Committee on Judiciary.

On motion, leave of absence was granted to Mr. Sweeny on account of indisposition.

Several announcements were then made, after which Assembly adjourned with prayer.

THE DINNER.

Dinner is provided for the members of the Assembly, as has been previously announced, at Mozart Hall each day. The Hall is tastefully decorated, and tables arranged for the accommodation of three hundred persons. The arrangements like the dinners are most admirable, and to the ladies connected with the several congregations of the United Presbyterian Churches of this city and Allegheny is due all the credit.

The dinner is served under the supervision of that prince of caterers, W. H. Simpson. Yesterday the Assembly was served with the following

BILL OF FARE.

FISH.
Baked Salmon in Sauce.
Baked White Fish in Sauce.
BOILED.
Leg of Mutton—Caper Sauce.
Chicken—Egg Sauce.
Sugar Cured Ham.
Corned Beef.
ROAST.
Spring Lamb—Mint Sauce.
Loin of Veal.
Beef a la Mode.
RELISHES.
French Mustard—John Bull Sauce.
Pickles—Worcester Sauce.
PASTRY.
Cranberry Tart—Lemon Tart.
Rhubarb Tart—Peach Pie.
Lemon Pie.
French Coffee and Tea.

AFTERNOON SESSION.

The Assembly met at two o'clock, and was opened with prayer by Rev. Mr. Tokey.

The minutes of the preceding session were read.

Considerable discussion ensued in relation to the incorporation of a minute of the devotional exercises,—that not having been done. The minutes as read, however, were approved.

SCRIPTURAL LAW OF DIVORCE.

Dr. John Scott, of Monmouth, presented the report of the Committee on Divorce and Marriage, stating that on the questions in accordance with the action of the last General Assembly, they reported:

1st.—Does a divorce secured on the ground of wilful desertion leave the parties at liberty to marry again?

2d.—If not, and yet a member of the church marries such a person in good faith and under the impression that it is entirely lawful, how far should a Church Court extend forbearance to such a case?

If the first question is answered affirmatively, an answer to the second is unnecessary.

The Confession of Faith, chapter 24, section 6, declares that nothing but adultery, or such wilful desertion as can in no way be remedied by the church or civil magistrate, is sufficient cause of dissolving the bonds of marriage, wherein a public and orderly course of proceedings is to be observed, and the persons considered in it are not left to their own wills and discretion in their own case.

Under our present ecclesiastical law a divorce obtained according to its condition leaves the party obtaining it at liberty to marry again.

The report was signed by all the members of the Committee.

It was accepted and put upon record.

The assistant clerk presented the minutes of the Synod of Illinois, (first Synod) Synod of Pittsburgh, and Synod of Iowa, which were received and filed.

A member moved that Monday evening be devoted to a conference meeting on the subject of church extension.

This was subsequently amended, adopted and setting apart the last evening for that purpose.

On motion—Foreign Missionaries—was made the order of the day for Monday afternoon at three o'clock.

DECOCRATION DAY.

The Clerk—Mr. Moderator—I have been requested by the committee on entertainment to ask if the Assembly will be in session on Monday morning—that being as you know "Decoration Day," which is to be observed in the city by a demonstration.

Mr. McHenry—I move that when we adjourn Saturday afternoon we do so to meet again Monday afternoon at two o'clock.

Mr. Brice of Baltimore—Mr. Moderator—I hope that motion will not be adopted. We have all witnessed such scenes and our curiosity is satisfied. I don't think we now need as a body of United Presbyterian ministers to join in such an affair, to manifest our sympathy with the cause in which the soldiers died. I think we should go on with our business and get through with it.

Mr. McHenry, well I'll explain my motion. I simply made it that the question asked might be answered. I did not think the assembly would adjourn out of mere "curiosity" in such "scenes." But I suggest, would it not in the case, be decorous for us to manifest our feelings in regard to this day and our respect for the memory of those who have fallen in defense of our homes, to adjourn half a day. We would lose no time and I don't think anyhow that should weigh anything in the matter.

Mr. Blair—I don't see why we should turn out in this procession or to see it. I think it is well enough for us to go ahead and do all we can to discharge our duty as members of this assembly and not take in everything else. I am really afraid we are going into this slow; I trust we won't be wanting in patriotism. I know that last year one of our churches put up a flag on this day; but it was mere for the praise of the church, and not for the honor of the dead particularly. I think we should do what we came here to do, and let these men go home. They are needed at home; spiritual interests demand their time and attention.

A member moved to amend by informing the Committee that they need not make any arrangements for dinner for the assembly.

Rev. Mr. Wallace (Assistant Clerk)—I don't think that will answer the purpose. If we meet on Monday morning the Committee will feel bound, in courtesy, to prepare for us, whether we say so or not. I don't think we'll lose any time by adjourning and allowing the committees to prepare their reports. We'll get through business just as soon in that way.

A motion was made to lay the matter on the table. Lost.

The question came up on the amendment to notify the committee they need not prepare dinner on Monday.

A Member—Well, if the matter will interfere with the attendance of the committee on the exercises, it will influence my vote. If it is to relieve the committee, I will vote affirmatively, bnt if it is to adjourn to look at these things, I am opposed to it.

Mr. McHenry—It is not to look at these things. That is not in the motion. [Laughter.]

Mr. Getty—Last year, when we met at Monmouth, we accepted an invitation to participate in the exercises, and I remember I walked a long way along the route of procession. So much for precedent. I think we should not let this interfere with our business. We should go ahead with what we came here for.

After some parliamentary practice the amendment was voted down, and the original motion, to adjourn Saturday afternoon to Monday afternoon, was carried.

CREDENTIALS PRESENTED.

The Clerk presented the credentials of the Rev. John McMasters, D. D., of the Reformed Presbyterian Church of North America as a corresponding delegate to the Assembly.

The papers were referred to the Committee on Correspondence.

REVISING THE RULES.

The Report of the Committee on Revision of Rules was then taken up and considered *seriatim*.

A motion was made to amend the second section, so as to make it provide for the election of Moderator by a *viva voce* vote, instead of by ballot.

The amendment, after a short discussion, was lost.

Moderator—That's right. I'm glad you had so much sense. [Laughter.[

Dr. Beveridge (who had favored the amendment)—Oh well, you know doctors will disagree. [Renewed merriment.]

The consideration of the report was continued, and amended with but a few unimportant amendments, up to the Seventy-first Rule.

Dr. J. D. Turner, from the Committtee on Devotional Exercises, announced the following preaching

The hour of adjournment by this time had arrived, and the ime was extended ten minutes to hear the report of the Committee on Conference, as follows:

REPORT OF THE COMMITTEE ON CONFERENCE.

In reference to the proposition of the General Synod of the Evangelical Lutheran Church of the United States of America, we recommend the adoption of the following:

Resolved, That the General Assembly has heard with pleasure the proposition of the General Synod of the Evangelical Lutheran Church for a correspondence, and takes pleasure in welcoming the delegate, Rev. J. W. Stuckenberg, and will appoint a delegate in return to bear our Christian salutations to that body.

We have also received the credentials of Rev. J. F. Harris, of the General Synod of the Reformed Church in America, Rev. Thos. McFerson of the Canada Presbyterian Church, and of Rev. John McMaster, D. D., of the Reformed Presbyterian in N. America.

The Committee recommended the adoption of the following resolutions:

Resolved, That the Assembly hear these delegates at 10 o'clock A. M. to-morrow.

Resolved further, That Monday evening next be appointed for the reception of the delegates from the Scotch and Irish churches, now in this country, and whom we expect to be with us.

JOHN H. NIBLOCK,
Chairman.

THE EVENING SESSION

Was devoted to the consideration of the subject of Church Extension.

About eight o'clock the Assembly was duly organized and opened with prayer by the Rev. Marcus Ormond.

On motion the Assembly then went into extra-judicial session for the consideration of the subject.

Rev. Mr. Turnbull was called to the chair.

Rev. Mr. Bonner, as Chairman of the Committee on Church Extension, said they had no special resolutions to report, but asked the attention of the Conference to three main points: 1st, The relative importance of the work. 2d, The consolidation of the Board with that of Home Missions. 3d, The employment of a general Secretary. The gentleman made a speech to elaborate these three points.

Rev. Mr. Clark felt the object of the meeting was a very important one. He felt that it was a great drawback to the prosperity of the denomination that they had no more churches. He was pastor of a mission congregation, which yearly paid out a large sum for the rent of a hall to meet in, which, if they had a church, would be devoted to other causes. They only needed a little help to start the enterprise, and he felt that after that they could go forward themselves. And it was so with other small churches. Give them a footing, and they could then carry forward their work.

Rev. Mr. Ormond thought church extension especially necessary in the west. The Roman Catholic Church understood this. He had seen one of their chapels built on the edge of the prairie where there were not a dozen families. The Church, however, accomplished its object by gathering in the people as they came. So this ought to be the policy of the United Presbyterian Church. If they built more churches, especially in these newly settled places, the work would be more prosperous.

Rev. Dr. Armstrong, of New York, said he thought the United Presbyterian Church had overlooked an important matter in this church extension cause. They had, he had sometimes feared, attended too much to licensing preachers, and not enough to providing places of worship. He knew of three particular instances where the work had failed by reason of the neglect in this respect. He thought if the church in the future did not pay more attention to this matter, she would retrograde instead of advancing.

Rev. Mr. Jamison called attention to the improvement in the operations of the Church Extension Board. He thought the one manifest improvement was that of providing that the money given to the Board, was loaned to the poor congregations for five years. This money is secured to the Board by proper guaranties, so that if the church was built for United Presbyterian worship, and the congregation then went over to another body, they would be compelled to return the money loaned them, with interest. In this way the people could contribute their money, feeling confident that it would be under the control of the Board.

Rev. Mr. Gardner said he had labored for three years on the borders of Kansas, and the great difficulty there was the want of churches. He believed if the Board had erected small houses there the number of congregations established would have been largely increased. He thought, instead of raising $6000, the contributions should be at least $20,000; in fact, if the cause was properly brought before the people it would be just as easy to raise $35,000 for this Board, as well as for that of Home Missions.

He did not believe it would be proper to unite the two Boards, Church Extension and Home Missions. He thought by building up the first the second would also be built up. It was like a man building up a house and then in a few years collecting the rent.

Rev. Mr. McClelland favored the union of the two Boards. Here was the Board of Home Missions that looked over the whole field and knew it all. Here was the Church Extension which was not so well situated. Now the Church Extension might appropriate a sum of money to a place where it has proved in past years that the work was a failure. The Home Missions Board, however, would avoid this because they had considered the field previously.

Rev. Mr. Anderson thought the Boards were so intimately connected that they could hardly be kept apart. One thing then was certain, the contributions for the church extension must be increased or the two must be consolidated. He thought, rather than this, that more prominence should be given to the church extension. He knew something of the trouble experienced from the want of churches, and thought the policy was first to build a house, and then was formed a nucleus around which the congregation could gather.

Rev. S. M. Coon said that he had no doubt that the work was important. He thought it should be given much more prominence, and he felt inclined to fault the Board somewhat for mismanagement in this respect.

Rev. Mr. Wallace objected to the union of the two Boards. Experience had shown this sort of union to be unwise. Then by the separate organizations more money could be raised; and lastly, he thought the policy of the Church was against appointing a Secretary in such work. It seemed like working an agency.

The plan of organization, however, was not so important as infusing life and spirit into the work. As it was now, the people were not acquainted fully with the cause. Other churches were paying more attention to it. One of them, for instance, accompanied the report of their work by a small map, which at a glance exhibited where they had planted churches. It was thus in a tangible shape.

Rev. Mr. Arnold offered the following:

Resolved, That this conference propose to the Committee on Board of Church Extension, the propriety of bringing before the General Assembly of the United Presbyterian Church, the matter of consolidating the two Boards of Church Extension and Home Missions.

Rev. Mr. Clark moved as an amendment that the Conference request the committee to report favorable to a distinct classification of the two Boards.

Rev. Mr. Cunningham moved as an amendment to the amendment that the Conference now rise and report to the Assembly that it was advisable to continue the two Boards in separate organizations.

Rev. Mr. Beveridge was disposed to censure the ministers themselves for their lack of zeal in the cause; their efforts partook of a "wishy-washy" nature. He thought the preachers should tell their people, earnestly and in the proper spirit, that their money belonged to God, and that they were only the stewards of the Lord. He had heard some sermons which came up to the standard.

Mr. McClelland withdrew his motion, and, on motion of Mr. Wallace, the Conference rose and without taking further action, reported to Assembly and asked leave to sit again.

The report was received by the Assembly and the request granted.

Rev. Mr. Crow was then appointed to lead the devotional exercises this morning when the Assembly adjourned with prayer.

ASSOCIATE SYNOD.

Last evening an adjourned meeting of the Associate Synod was held in the basement of the church. This body united with the others to form the U. P. Church, but has always maintained an organization within itself for the management of some church property which could be arranged in no other way.

This real estate consists of the Speer bequest and other land, and a Theological Seminary at Xenia, Ohio, altogether valued at about one hundred thousand dollars. The Seminary seems to be the greatest trouble. In 1859 the educational management of it was transferred to the Associate Synod of the West, in the bounds of which it is located, the General Associate Synod only retaining an in interest in the building and library which they allow to be used. The arrangement worked satisfactorily until 1869, when at the meeting at Monmouth proposals were received from several of the western Synods asking that the Xenia Seminary be consolidated with that at Monmouth, and placed under the care of these Synods. This request was granted, and there came in the trouble. The action aroused great excitement and all through the year was the cause of discussion. The members of the Associate Synods arrayed themselves on their favorite side in the controversy, which was carried on through the press.

It is contended by the advocates of this last transfer that it will establish one good Theological Institution in the northwest, which is badly needed. The other parties, however, claim that as Monmoth has no building, no library—in fact, nothing but a faculty, students and a name, the action is simply swallowing up the Xenia institution. They also intimate that beneath all this is a desire to obtain the benefit from the fund of the Speer estate, the income from which goes partly to the support of poor students while preparing for the ministry. As it stands, the case presents points which we have not here space to recount.

The excitement ran so high that at last a committee was appointed to take the matter into consideration and report to the Associate Synod. The committee went to work, and succeeded, like others, in dividing upon the case. Hence two reports were presented. As these have been under discussion for two sessions of the Synod, and are still open, we give them in full, as follows:

MAJORITY REPORT.

The Committee appointed to report in regard to the interests of the Theological Seminary at Xenia would respectfully submit the following:

WHEREAS, The Associate Synod, at its last meeting, accepted a proposal, on the part of the Synods of Iowa and Illinois, to unite our Seminary located at Xenia, Ohio, with the Seminary of the Northwest, now located at Monmouth, the consolidated Seminary to be located at such point as may be determined by a majority of Directors chosen by the aforesaid Synods, with any others which may unite with them with a common basis.

And whereas, In order to carry out this action, a Committee of five was appointed, to whom all the funds of the Associate Synod was to be transfered in trust.

And whereas, In order further to carry out the aforesaid action, it was resolved that the income from the estate of Daniel Speer should be divided in the manner following, viz: One fifth part to the cause of missions, two-fifths to be placed in the hands of the Treasurer of the consolidated Seminary of the West, and, until the consolidation takes place, in the hands of the Treasury of the Seminary at Monmouth. And the remaining two-fifths to be put into the hands of the Treasurer of Westminster College, in the nature of an endowment of said College.

And Whereas, We believe that said action of the Synod is inconsiderate and unwise, and that it is calculated to put in jeopardy the title by which Synod holds the aforesaid funds;

And Whereas, We believe it to be a diversion of these funds from the object contemplated by the Testator, as expressed not only in the terms of his will, but also in in the former acts of this Synod.

And Whereas, We believe that said action is a breach of faith with the Second Synod of the West, to which this Synod has transferred the educational management of said Seminary.

And Whereas, The Theological Seminary at Xenia is entitled to our veneration for its age (being the first theological school established on the continent) and for its former usefulness to the church (being in a sense "the mother of us all.")

And Whereas, It is now adequately endowed, and that without financial embarrassment of any kind, and is also successfully employed in training young men for the acceptable discharge of the duties of the gospel ministry;

And Whereas, There is is a conviction in the minds of many members of this Synod that its continuance as a body is impracticable and unnecessary, *and whereas*, the General Assembly of the United Presbyterian Church is its successor in law, and the legal heir of its effects. Therefore in view of these facts,

Resolved 1, That the action of this Synod at Monmouth last year in relation to the seminary at Xenia be, and is hereby rescinded.

2, That all the property and funds belonging in any manner to this Synod be, and the same are hereby transferred to the Trustees of the General Assembly of the United Presbyterian Church.

3, That this transfer is made upon the following conditions, viz: That the said General Assembly shall not interfere to change the location of the of aforesaid Theological Seminary at Xenia, or to consolidate it with any other Theological Seminary, and that the said Seminary at Xenia shall continue to use and enjoy the benefit of the funds of the Associated Synod, as it has heretofore done, until the property and funds of all the other Theological Seminaries, under the control of the Synods and Presbyteries of the United Presbyterian Church, shall in like manner be transferred to the aforesaid General Assembly, in which case these conditions shall no longer be in force.

4. That the Trustees of the Associated Synod and Treasurers of her different funds be and are hereby directed to take the necessary steps to make the transfer of the funds contemplated in the above resolutions.

MINORITY REPORT.

To the Associate Synod now in session.

The undersigned, a minority of your Committee on the Theological Seminary, would submit for your consideration the following report:

The Associate Synod of North America, at its last meeting held in the city of Monmouth, Illinois, took action with a view to the consolidation of the Theological Seminary at Xenia, Ohio, with the Theological Seminary of the northwest under the care of the U. P. Synods of Illinois, Iowa and Kansas, now located at Monmouth, Illinois, and the final adjustment of its financial interests.

Appropriate committees were to carry out the bill of Synod as expressed in their action. The Committee appointed to co-operate with the committees of the said Synods of Illinois and Iowa, met with them in joint committee and took appropriate action. The Synods of Illinois, Iowa and Kansas have favorably and in good faith accepted the conditions of consolidation proposed by the Synod. The Associate Synod is therefore bound in covenant to abide by her offered terms of consolidation, and cannot go back in good faith unless released by the parties—the Synods named above—with which she has entered into covenant. To make good her covenant stipulations, she is bound morally and by civil law unless released by said Synods.

Two memorials have come before you asking you to set aside your action in the matter of consolidation. The grounds alleged why Synod should take such action are simply these:

1st. Advantage was taken of the people not being aware that such action was contemplated.

This question is fully answered and the friends of the consolidation completely vindicated from this uncharitable insinuation, by this simple and candid statement recently published by our venerable father the Rev. Dr. Scott.

2nd. Seminary funds and other funds of the church would be thereby lost to the church.

This objection if true regards the holding and disbursing of the few thousands of dollars under control of the Synod as of paramount importance when placed in the scale of comparison with the bright consideration which influenced the Synod to take action looking to consolidation—Synod looked to the higher interests of the church. These, your memorialists seem to ignore.

It seems to be alleged that the Seminary is little more than a joint stock company and the funds to be invested and used only in Xenia. If this be so, these funds are theirs, not the Synod's to be used as she deems best calculated to subserve the interests of the Church. But brains are given to her to be used as *she* may judge best, unless the terms of gift make it specific. The mere naming of a person or an institution in a place is for designation only, and not for restriction to that locality, unless the terms of gift are more specific. Hence for the past twelve or fifteen years funds given by the Morris will to the Seminary at Canonsburg have been disbursed at Xenia, no one objecting.

It is said action by Synod had already precipitated suit for the property at Xenia. Be this as it may, your memorialists cannot for one moment seriously believe that this affects in one iota the rights of the parties one way or another.

It has been alleged that the bequest of the late Daniel Speer to the Associated Synod is imperilled by this action. This, we believe, is a misapprehension. The Supreme Court of the State of Pennsylvania in 1845 decided that the Associate Synod was the heir of Daniel Speer, and now the laws and courts of Pennsylvania stand the guardian of that will, ready not to turn it over to the heirs because of any supposed misuse, but to enjoin against such misdirection, and by mandamus compel the disbursement of it as provided in the will.

Two objects are named in the will—the spread of the gospel of Jesus Christ here and elsewhere, and for the support of pious young men who may need assistance while preparing for the gospel ministry."

These objects to be secured in such way as said Synod may consider will best advance the kingdom of Christ."

It is thus at the discretion of the Synod to appertain it to these objects, as she may consider will best subserve the kingdom of Christ. If the church provides liberally for home and foreign missionaries, but not for providing a suitable ministry, as is the fact, it is right and proper to apportion as she believes they relatively need. The relative distribution made by Synod can then face workers for the future. Both the consolidated Seminary and Westminster College, accepting, would be required to disburse these funds, not in support of professors, but to support poor young men, as required by the will. All this is secured, not only by civil courts, but also by the guardian care of the General Assembly, to which an annual report of the disbursement of these funds is to be made by each of these institutions.

3. Argument is breach of faith with the Second U. P. Synod, in an implied promise to pass over to them the funds of the Old Associate Synod.

This assumption is simply preposterous. Nowhere known to us does the evidence of such a promise exist. The tender made was not "in perfection." At no time and nowhere did the Associate Synod relinquish or covenant to relinquish her right to give direction to her interests in the Seminary as she deemed would best subserve the cause of Christ. If she had not reserved to herself that right why raise endowment with special provision of being put under her care. Is it reasonable that she would regard herself under such unreserved promise whilst the second synod failing to provide for it she voted thousands upon thousands to pay indebtedness and supplement salaries. And why, too, if she were under such promise, why was there so much well known solicitude to have it put in a position of better guaranty from the future work of the church. This argument, in view of well known facts, seems to us, in the proper sense of the term, much like an after thought.

Now, brethren, we have done with these objections.

We think the line of policy indicated by the action of the Synod last year eminently proper, right in itself and demanded by the higher interests of the church. But the question comes up, has the Skeleton Associate Synod a moral and legal right to control the funds belonging to her prior to the consummation of the union. After mature reflection, as we think, we must say, no. These funds and the property of the old A. S. at the time of union legally, and morally belong to the General Assembly of the U. P. Church of North America.

The Union being consummated, as we believe, in a constitutional way, all that belonged to the high contracting parties went with them into the Union, and thereby became the property of the united body, unless reserved by special permission. This is a principle of common law and has been already recognized by courts in divisions affecting the interests of the United Presbyterian Church.

Unless it be shown that provision has been made to the contrary, the Seminary at Xenia and other property and funds belonging to the A. S. at the time of Union, of right belong to and should be under control of the General Assembly of the United Presbyterian Church of North America.

Fathers and brethren, by taking the following action we will do right. We will secure better the higher interests of the Church, putting the Seminary where it ought to be—under care of the whole Church. We will act in a way honorable alike to the Assembly and Associate Synod, and save ourselves from the odium and sin attending these meetings from year to year; therefore,

Resolved, 1. That we hereby waive all supposed claims to the control of the property and funds of the late Associate Presbyterian Church of North America, and hereby ask the General Assembly of the U. P. Church to take these under its control and management.

Resolved, 2. That we respectfully ask the said General Assembly to recognize in the action of the Synod, at the meeting last year, her preference as to the disposition and arrangement of these things.

Respectfully submitted.

G. D. HENDERSON.

The session last night continued until after ten o'clock and was very animated. Nearly every member had something to say, and considerable warmth of feeling was apparent. Ultimately they adjourned without taking any action until eight o'clock this morning, when the subject will again come up. It is quite likely the General Assembly will yet have to adjourn to give the members of the Associate Synod time to settle the case, as it must be settled at this meeting.

The Continental.

There is no better restaurant in the city than the Continental, Fifth avenue, below the Post Office. Go when you will at any hour of the day, and a meal fit for the daintiest appetite will be placed before you. The saloon is open from six in the morning until midnight, and is managed with such tact that no confusion is ever experienced in providing for the wants of customers. To-day a grand dinner will be set up, comprising edibles, the mention of which would be to create an appetite. The best way to test the character of the establishment would be to drop in to-day and get a lunch or dinner. One visit will be enough to satisfy the most credulous that nowhere in the city can a more varied, healthful repast be had for the money.

The Girard House.—One of the most comfortable, home-like and cozy hotels in the vicinity is the Girard House, corner of Federal and Isabella streets, Allegheny. It has all the modern conveniences, and possesses the advantages of being located in a central position yet away from the noise and bustle which is so often the annoyance of large houses like this. Mr. Lightcap, the proprietor, in refitting it, has spared neither expense nor trouble and has succeeded in making it one of the most attractive places, exteriorly, and interiorly, in the two cities. Parties wishing a comfortable boarding house, or strangers in the city would do well to make a note of the Girard House, Allegheny.

Millinery.—New and beautiful millinery goods, flowers, laces, crapes, &c., at Mrs. E. Higgins', 30 Diamond street. T:F:S

Delightful Country Residence.

For sale, within twenty five minutes' drive of City Hall and only six minutes' walk from Laughlin or Frankstown station on the Connellsville Railroad. There are between seven and eight acres of ground in the very highest state of cultivation and laid out in the most tasteful manner, by an expert in that line, in walks, drives, &c. It is acknowledged, by persons familiar with this and all the leading properties adjacent to the city, to have the very finest variety of fruits in this part of the country, such as apples, peaches, pears, plums, cherries, quinces, apricots, nectarines, grapes, &c., and an endless variety of garden vegetables, flowers, &c., and the great variety of shrubbery and shade trees, some of them very rare, is unsurpassed by any other place in this part of the country. The view of the city, the river, and the whole country around, is varied and truly magnificent. The house is a cottage, very conveniently arranged, and the gardener's house is very handsome and well gotten up; also, a good stable, carriage house, &c. There are two wells and one spring of the very best water, delightfully cold, and also a very large underground cistern, with pump, &c. The vegetable garden is now full of fine vegetables, many of them now ready for use. There are many attractions too numerous to mention, such as patent swings, &c. It is certainly the most desirable place now for sale in this part of the country, and must be seen to be appreciated, for there are many attractions that are really too grand fer description without seeing them. This very desirable property will be sold low and on reasonable terms. The neighborhood is excellent, and, in short, cannot be surpassed in any other part of the country. For further information inquire of C. H. Love, 58 Fourth avenue.

The New Novel of the Right Hon. Benjamin Disraeli, M. P., entitled "Lothair," Library edition, in 1 vol., 12mo., cloth, at $2; and an octavo edition, paper, $1. "Lothair," the hero, is a young English nobleman of the highest rank, who, left an orphan at an early age, is intrusted to the care of two guardians, one a Scottish duke of the Presbyterian faith, and the other a cardinal of the Catholic Church. The plot turns, in part, to the struggle between these opposing forces, and embraces, besides, Fenianism and various other piquant and interesting episodes. Some of the prominent characters of the novel are Americans, and in the course of it the American sculptor Story and his statues are very highly complimented. For sale by J. W. Pittock, Pittsburgh, Pa.

Ladies desire what men admire. And this little thing is Beauty. What do we say is beautiful? A transparent complexion and a luxuriant head of hair. What will produce these? Hagan's Magnolia Balm will make any lady of thirty appear but twenty; and Lyon's Kathairon will keep every hair in its place, and make it grow like the April grass. It prevents the hair from turning gray, eradicates Dandruff, and is the finest Hair Dressing in the world, and at only half ordinary cost. If you want to get rid of Sallowness, Pimples, Ring-marks, Moth-patches, etc., don't forget the Magnolia Balm. tthsT

DESIRABLE RESIDENCE
AND
VACANT LOTS
On Bidwell St., Allegheny.
On TUESDAY, May 31, at 2 o'clock, will be offered at public sale, on the premises, the property of Mr. J. G. Coffin, who is removing to Leetsdale, situated at No. 27 Bidwell street, near Western avenue. The lot is 60 by 210 feet, on which is erected a two-story double brick dwelling of 13 rooms, bath, closets, good cellar, &c. There are 5 marble mantles, gas and water, tin roof, and the building generally in good condition, a stable and carriage house in the rear, with side entrance. There are also three adjoining vacant lots, each 25 by 210 feet, nicely improved with trees and shrubbery. The desirability of the location is well-known; the surrounding lots are large and open, free of dust, and afford almost the seclusion of the country. Terms—One-fourth cash; the balance in three years.
